**CUSTOMER:** Fulton County Records Center

---

**Scope of Work:**

Allied Commercial Services to place all boxes/records back on the new shelving warehouse racks located at 5600 Campbellton Fairburn Road.

**This will consist of the following:**

- Breaking down all palletized boxes then using scissor lifts to place boxes on shelving in Fairburn.
- These boxes will have labels put on the boxes by Fulton County Staff prior to removal from Records Center located at 5600 Campbellton Fairburn Road. Once pallets arrive in Fairburn the boxes will be put up in no particular order. Once all boxes have been placed on the new racks, Fulton County staff will have to scan each box so that a new records transmittal can be created for location purposes.
- Should there not be enough rack space to accommodate all of the boxes, the remaining palletized boxes will be delivered to Fairburn and remain on pallets. If new racks are needed and Allied Commercial Services has to come back at a later date to put the remaining boxes on the new racks, there could be additional fees associated with the remobilization of resources, equipment (scissor lifts), etc.
