

Contract Renewal Evaluation Form

Date:	June 20, 2025
Department:	Public Works
Contract Number:	24ITBC1298468A-KM
Contract Title:	Fire Hydrants and Parts

Instructions:

It is extremely important that every contract be rigidly scrutinized to determine if the contract provides the County with value. Each renewal shall be reviewed and answers provided to determine whether services should be maintained, services/scope reduced, services brought in-house or if the contract should be terminated. Please submit a completed copy of this form with all renewal requests.

1. Describe what efforts were made to reduce the scope and cost of this contract.

The scope and cost reduction efforts of this contract are limited since this contract is to renew existing contract for fire hydrants and parts. The fire hydrants and parts are essential for maintenance and repair of the water system. These hydrants and parts are manufactured items which cannot be produced in-house. These items are necessary for replacement of failed and aged units and are used to effectively maintain the existing Water Distribution System in Fulton County. If this contract was reduced or delayed, it could delay the department's response time in responding to make hydrant repairs within a timely manner.

2. Describe the analysis you made to determine if the current prices for this good or service is reflective of the current market. Check all applicable statements and provide documentation:
