Department:	Real Estate and Asset Management
Contract Number:	21RFP127274K-BKJ
Contract Title:	Comprehensive Operation and Preventive and Predictive Maintenance Services for the Fulton County Jail and the South Fulton Municipal Regional Jail

Instructions:

It is extremely important that every contract be rigidly scrutinized to determine if the contract provides the County with value. Each renewal shall be reviewed, and answers provided to determine whether services should be maintained, services/scope reduced, services brought in-house or if the contract should be terminated. Please submit a completed copy of this form with all renewal requests.

1. Describe what efforts were made to reduce the scope and cost of this contract.

The jail is an intensive maintenance environment. Previous experience has proven that the criticality of jail systems to the overall constitutional mandate of the Sheriff, combined with the complexity of its various systems, requires a robust scope of work that ensures the continuity of jail operations. Therefore, the scope of work has not been reduced. This contract furnishes all materials, labor, tools, equipment, and appurtenances necessary to provide comprehensive operation, preventive and corrective maintenance services for the Fulton County Jail, South Fulton Municipal Jail at Union City, and the Fulton County North Annex Jail in Alpharetta.

2. Describe the analysis you made to determine if the current prices for this good or service is reflective of the current market. Check all applicable statements and provide documentation:

Explanation / Notes:

There are four municipal jails in the metropolitan Atlanta area that are comparable in size, bed space, and inmate population to the Fulton County Jail. The County's jail maintenance contract was rebid in FY 2021 as a fixed labor contract with only materials used in the completion of corrective maintenance being billable to the County over and above the base rate for labor. This is the operating model in use at the comparable facilities in metro Atlanta. This has resulted in significant savings evidenced by the total maintenance cost for both the main and south annex jails only being \$168K greater than the previous cost for just the main jail.

Reviewing quotes received from vendors for this service in the Atlanta Metro Area.

5. Is this a seasonal item or service? Yes No

6. Has an analysis been conducted to determine if this service can be performed in-house? Yes No If yes, attach the analysis.

Given the number of both corrective and preventive maintenance work orders, DREAM does not have the in-house resources to maintain these jail facilities: Fulton County Jail Complex, Jail South Annex, and the Fulton County North Annex Jail in Alpharetta efficiently and effectively.

7. What would be the impact on your department if this contract was not approved?

DREAM would not be able to maintain these facilities as is necessary to ensure the continuity of jail operations. The department does not have the internal resources necessary to render adequate and timely maintenance services in the Fulton County Jail Complex, South Fulton Regional Jail, and the Fulton County North Annex in Alpharetta.
