(j) The Authority will not create, or suffer to be created, any lien, security interest, encumbrance or charge upon operating revenues of the Authority without the prior written consent of the County, except for the following:

(i) Liens to secure indebtedness having an original maturity of less than or equal to one year and not renewable at the option of the Authority for a term greater than one year beyond the date of original incurrence; provided, however, that there shall be a period of at least five consecutive days in each fiscal year during which no such indebtedness is outstanding; and

(ii) Liens to secure indebtedness for capital expenditures in an amount not to exceed \$25,000,000 in the aggregate outstanding at any time, and the incurrence of such indebtedness, in and of itself, shall not result in an increase in payments due by the Counties hereunder or under the Operating Agreement.

(k) The Authority shall provide to the County the Authority's audited and issued financial statement no later than May 15 of each calendar year.

Nothing contained in this paragraph shall limit the ability of the Authority or the Corporation to acquire additional equipment or other capital assets, including real property, pursuant to an installment purchase, capitalized lease or similar obligation and nothing contained herein shall limit the right of the Authority or the Corporation to grant a security interest in or create a lien on such property so acquired provided the Authority does not pledge or create a lien on general revenues of the Authority unless otherwise authorized. The incurrence of such obligation, in and of itself, shall not result in an increase in payments due by the County hereunder or under the Operating Agreement.

4. *The County's Obligations*

(a) In accordance with the debt service schedule attached hereto as **Exhibit A**, as the same may be modified from time to time as provided in the Certificate Resolution, the County hereby covenants and agrees to pay the Contract Payments to the Paying Agent for the benefit of the Authority for deposit in the Contract Payments Fund (as defined in the Certificate Resolution) as follows:

(1) on or before February 20, 2026, and on or before the 20th calendar day of each month thereafter until the Maturity Date of the Series 2026A Certificates on August 1, 2040, a sum equal to 1/6th of the amount payable on the immediately succeeding Interest Payment Date as interest on the Series 2026A Certificates;

(2) on or before February 20, 2026, and on or before the 20th calendar day of each month thereafter until July 20, 2026, a sum equal to 1/6th of the amount payable on August 1, 2026 (the initial Principal Payment Date) as principal on the Series 2026A Certificates, whether by maturity or by mandatory redemption;

(3) on or before August 20, 2026, and on or before the 20th calendar day of each month thereafter until the Maturity Date of the Series 2026A Certificates on August 1, 2040, a sum equal to 1/12th of the amount payable on the immediately succeeding Principal Payment Date as principal on the Series 2026A Certificates, whether by maturity or by mandatory redemption;

(4) on or before any optional redemption date for the Series 2026A Certificates, a sum equal to the principal of, redemption premium (if any) and interest on such Series 2026A Certificates due on such redemption date; provided, however, the County shall be obligated to make the Contract Payments under this Section 4(a)(4) solely upon the prior written consent of the County. For clarity purposes, in the event that the Series 2026A Certificates are optionally redeemed without the prior written consent of the County, then the County shall not be obligated to make the Contract Payments under this Section 4(a)(4); and

(5) So long as the County is not past due in any payment required to be made hereunder, the payments that the County is required to make pursuant to Section 4(a) shall be less any amounts actually on deposit in the Certificate Fund (other than payments made by the County under this Section 4(a)) at the time any payment is to be made hereunder but excluding moneys held in the Certificate Fund for Series 2026A Certificates which have matured but which have not been presented for payment.

(ii) In addition to the Contract Payments, the County shall pay (i) to the Authority or to the Paying Agent, the Rebate Amount (if any) due on the Series 2026A Certificates, and (ii) the reasonable fees and expenses of the Fiduciaries (as defined in the Certificate Resolution) (collectively referred to as the “**Supplemental Contract Payments**”). Furthermore, the County acknowledges and agrees that the debt service schedule attached hereto as **Exhibit A** may be modified upon the occurrence of certain events, including upon an Event of Taxability, an Event of Default, or upon a late payment, as more particularly described in the Certificate Resolution, and in each such event, the Contract Payments payable by the County hereunder shall include all additional amounts owing to the holder of the Series 2026A Certificates calculated as set forth in the Certificate Resolution.

(b) The obligation of the County to make the payments required by the Operating Agreement or any future contract between the parties hereto for the purpose of providing funds to pay the operating costs and operating expenses of the Grady Health System (collectively, the “**Subordinate Obligations**”) are hereby expressly made junior and subordinate to the obligations of the County under this Contract and the Prior Contracts. The obligation of the County to make payments required by the Prior Contracts and this Contract will be on parity with each other. The Subordinate Obligations shall not include those under any contract entered into by the County pursuant to Section 4(g) hereof for the purpose of paying or securing debt service on any additional certificates or obligations issued by the Authority.

(c) Subject to paragraph (d) below, the County agrees that its obligation to make the Contract Payments shall constitute a general obligation for which its full faith and credit is pledged subject to the seven mill limit now prescribed by the Hospital Authorities Law, or at such higher rate or rates as may hereafter be provided by the Hospital Authorities Law or other law. The amounts payable under this Section 4 shall be used by the Authority only to provide for the payment of the principal of and the interest on and redemption premium (if any) on the Series 2026A Certificates as same become due and payable, on each Interest Payment Date and Principal Payment Date (as such terms are defined in the Certificate Resolution), as applicable. The payments described in subparagraph (a) shall be made directly to the Paying Agent for the account of the Authority so as to assure the availability of moneys at all times to pay in full the Series 2026A Certificates as same become due and payable, on each Interest Payment Date and Principal Payment Date and shall be kept separate from and not commingled with any payments made by the County in connection with any other outstanding obligations. The obligation of the County to make the payments required under this Section 4 is for the benefit of the owners of the Series 2026A Certificates and shall be absolute and unconditional and continue unabated until such time as the principal of, redemption premium, if any, and interest on the Series 2026A Certificates shall have been fully paid or provision for the payment thereof shall have been made in accordance with the Certificate Resolution. This Contract shall not be terminated and such payments shall not be suspended, discontinued, abated or reduced for any reason whatsoever, including, without limitation (i) the damage to or destruction of the Grady Health System or any part thereof including the Project, (ii) failure of proper operation and maintenance of the Grady Health System or any part thereof including the Project, (iii) force majeure, (iv) the occurrence of any acts or circumstances that may constitute failure of consideration, eviction or constructive eviction, (v) the taking by eminent domain of title to or temporary use of the Grady Health System or any part thereof including the Project, (vi) commercial frustration of purpose, any change in the tax or other laws of the United States of America or of the State of Georgia or any political subdivision of either thereof, or (vii) any failure of any party (including the County) to perform and observe any agreement, whether express or implied, or any duty, liability or obligation arising out of or connected with this Contract, the Operating Agreement, the Funding Agreement, the Prior Contracts, the Certificate Resolution, the Project Fund Custodian Agreement, the Paying Agent Agreement or otherwise, or any defense or any right of setoff, counterclaim or recoupment arising out of any such failure. Nothing contained in this subparagraph shall be construed to release the Authority from the performance of any of the agreements on its part herein contained; and in the event the Authority should fail to perform any such agreement on its part, the County may institute such action against the Authority as the County may deem necessary to compel performance so long as such action does not abrogate the obligations of the County contained in this subparagraph, including, without limitation, making such adjustments in payments under the Subordinate Obligations.

(d) Pursuant to the Hospital Authorities Law and the County's constitutional power to levy taxes to provide public health facilities and services generally and to provide medical or other care and hospitalization for the indigent sick, the County agrees that it shall use moneys in its general fund or levy an annual tax, within the seven mill limit now prescribed by the Hospital Authorities Law, or at such higher rate or rates as may hereafter be prescribed by the Hospital Authorities Law or other law, on all taxable property located within its boundaries as and when the same may be necessary to provide the County with sufficient moneys to make all of the payments called for by this Contract and under the Prior Contracts, and if future contracts are

entered into, under such future contracts. Nothing herein contained, however, shall be construed as limiting the right of the County to make the payments called for by this Contract or the Prior Contracts out of its general funds or from other monies available to the County therefor.

(e) In order for the Authority to meet its debt service requirements on the Series 2026A Certificates, to assure the payments therefor as may be required to comply with subparagraph 4(a), there shall be and there is hereby created a lien on any and all revenues realized by the County under and pursuant to the provisions of subparagraph (d) above (namely, the Contract Payments), which lien is prior and superior to any lien with respect to any taxes levied from which amounts are to be paid with respect to any Subordinate Obligations, but which lien shall be on a parity basis with respect to the payments required under the 2026A Contract securing debt service on any outstanding Series 2026A Certificates which are on a parity with the Series 2026A Certificates. Nothing contained in this subparagraph (e) of Section 4 is intended, or shall be construed so as, to affect the direct or indirect general obligation type indebtedness of the County. Nothing contained in this subparagraph (e) of Section 4 is intended, or shall be construed so as to, create any lien on, or priority hereunder or otherwise with respect to, any taxes levied for purposes other than for the benefit of the Authority.

(f) The County shall not make any payment to the Authority with respect to any Subordinate Obligations or otherwise if the sum of (i) the aggregate payments made and to be made by the County under subparagraph 4(a) hereof and under the 2026A Contract in the then current sinking fund year, (ii) amounts previously paid, if any, in the then current sinking fund year by the County to the Authority under the Operating Agreement or any other Subordinate Obligations, and (iii) the payment then proposed to be made under any Subordinate Obligation or otherwise (other than the payments required to be made under subsection (i) above), would exceed an amount equal to the money which would be generated and collected by a levy on all taxable property located within the boundaries of the County subject to taxation for such purposes as now existent and as the same may hereafter be extended of an ad valorem tax equal to seven mills or such greater limitation as may hereafter be authorized by law (assuming that all property in the County is valued for such purposes at a value equal to the assessed value of such property for the most recently ended fiscal year of the County, as shown on the most recent tax rolls for the County which have been submitted to the State Revenue Commissioner), unless, prior to making the proposed payment, the County shall have prepaid to the Paying Agent all amounts to be payable under subparagraph (a) of this Section 4 in the then current sinking fund year.

(g) The County shall not be obligated under the provisions of this Section 4 to pay from the tax revenues described in Section 4(d) hereof (the "**Permitted Tax Revenues**") debt service on any Additional Certificates (as defined in the Certificate Resolution) unless (i) the Authority and the County shall have entered into an amendment or supplement to this Contract, or a new contract, and such amendment or supplement to this Contract or such new Contract is permitted under the terms of the Certificate Resolution and (ii) the Permitted Tax Revenues, based on the latest taxable digest of property located in the County subject to taxation for purposes of the Hospital Authorities Law, shall be sufficient to enable the Authority to pay (A) the highest Debt Service Requirements for any succeeding Bond Year on the Prior Certificates (if still outstanding), the Series 2026A Certificates (if still outstanding), any other Outstanding Certificates (as those terms are defined in the Certificate Resolution) and on the Additional Certificates

proposed to be issued, plus (B) the annual amounts then due and payable by the County under the Subordinate Obligations.

(h) Within twelve (12) months after the end of each Fiscal Year (the “**Reporting Date**”), commencing with Fiscal Year 2026, the County agrees that it will file on the Municipal Securities Rulemaking Board’s Electronic Municipal Market Access system found at <http://emma.msrb.org> (“**EMMA**”), a copy of the County’s audited financial statements. In the event that the audited financial statements of the County are not available by the Reporting Date, the County shall instead file its unaudited financial statements on EMMA. The audited financial statements of the County, when available, shall be filed on EMMA. The County agrees to furnish such additional financial information relating to the County as may be reasonably requested in writing by the Authority to the extent that all such information has been filed on EMMA.

(i) The Authority acknowledges that, upon initial delivery of the Series 2026A Certificates, Rule 15c2-12 of the Securities Exchange Act promulgated by the Securities and Exchange Commission (“**Rule 15c2-12**”) is not applicable to the Series 2026A Certificates, and therefore, the County will not execute or deliver a written undertaking (the “**Disclosure Agreement**”) with respect to the Series 2026A Certificates. If the purchaser of the Series 2026A Certificates, or a subsequent purchaser of the Series 2026A Certificates, determines that Rule 15c2-12 is applicable to the Series 2026A Certificates and the Fulton County Attorney and the Chief Financial Officer of Fulton County agree with such determination, the County agrees to execute and deliver a Disclosure Agreement to provide the information relating to the County and the Series 2026A Certificates required by the applicable provisions of Rule 15c2-12. Notwithstanding any other provision of this Contract to the contrary, no default under the Disclosure Agreement shall constitute a default or event of default under this Contract and under no circumstances shall such default affect the validity or the security for the payment of the Series 2026A Certificates.

(j) The County hereby covenants that prior to issuance of the Series 2026A Certificates it will provide written certification to the Authority and the purchaser of the Series 2026A Certificates that based upon the latest taxable digest of property located in Fulton County subject to taxation for purposes of the Hospital Authorities Law, seven (7) mills (or such higher millage as may then be authorized to be levied for purposes of the Hospital Authorities Law) of property taxes levied on the County’s digest equals at least 1.1 times the highest Debt Service Requirement for any succeeding Bond Year on the Outstanding Certificates (as those terms are defined in the Certificate Resolution) and on the Series 2026A Certificates proposed to be issued.

5. *Mutual Obligations.* The parties hereto mutually agree as follows:

(a) Subject to the provisions of subparagraph 3(g) and subparagraph 4(g), as a part of the undertaking contemplated herein, the Authority is under an obligation to meet the principal and interest requirements of the Series 2026A Certificates as same become due and payable on each Interest Payment Date and Principal Payment Date (as such terms are defined in the Certificate Resolution) from the Contract Payments, and the Contract Payments shall be irrevocably pledged to the payment of the principal of and interest on and redemption premium (if any) on the Series 2026A Certificates to the extent and in the manner to be provided in the Certificate Resolution, to all of which each party does hereby consent; provided, however, should at some later date or dates it be determined advisable to issue additional revenue certificates or

obligations by the Authority ranking as to lien on the revenues of the Authority derived hereunder pari passu with the Series 2026A Certificates and any outstanding Series 2020A Certificates and a new contract or supplemental agreement to this Contract be entered into by and between the parties hereto to that effect, then the lien herein created on said revenues as security for the payment of the Series 2026A Certificates may be extended and broadened to include the payment of any such certificates or obligations and the principal of and interest thereon and redemption premium (if any).

(b) The term "indigent sick" as used herein means such persons residing in Fulton County that may be certified by the Authority as being entitled to receive the services of the Authority. The term "indigent sick" shall mean such persons living within the boundaries of the County that may be certified by the Authority as being entitled to receive the services of the Authority. The medical attention herein referred to is construed to mean the usual care rendered to patients in hospitals, such as food, nursing care and supervision, use of operating room and facilities, use of x-ray facilities, use of the usual and customary out-patient clinical services and facilities, medicine and drugs. All other services, facilities, and materials not specifically enumerated or excepted above shall constitute extras and shall be accounted for accordingly by the user thereof. It is understood and agreed that certain charges for services shall be excluded from coverage under this Contract. These services are as follows: (1) private room unless medically necessary; (2) television; (3) private duty nurses; (4) cot rental; and (5) cosmetic surgery.

(c) This Contract is entered into under and pursuant to the Hospital Authorities Law and the provisions of Article IX, Section III, Paragraph I(a) of the Constitution of the State of Georgia. The parties agree that the issuance of the Certificates for the purposes described herein is in the best interest of the Authority and the County and will promote the public health and welfare of the citizens of the County.

(d) The term "sinking fund year" shall mean the period commencing on the 2nd day of August in each year and extending through the 1st day of August in the next year.

(e) While this Contract is between the parties hereto, it is acknowledged that the owners of the Series 2026A Certificates have an interest herein and shall be third party beneficiaries of this Contract entitled to enforce the provisions hereof as if they were a party hereto to the fullest extent legally permissible. The parties hereto covenant that this Contract cannot be modified or amended, except as provided in the Certificate Resolution.

(f) No covenants, stipulations, obligations or agreements of any member, trustee, director, officer, agent, attorney or employee of the Authority or the County shall be deemed to be covenants, stipulations, obligations or agreements of any such member, trustee, director, officer, agent, attorney or employee, past or present, in his individual capacity. No recourse shall be had for the payment of the Series 2026A Certificates or any claim thereon against any member, director, officer, agent, attorney or employee of the Authority or the County, past, present or future.

(g) The parties acknowledge that the County is not obligated to contribute funds for the operation of the Project once construction is completed.

(h) This Contract may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

(i) The effect and meaning of this Contract and the rights of all parties hereunder shall be governed by, and construed according to, the laws of the State of Georgia, without giving effect to any conflict of laws principles thereof.

(j) *Notices.* Unless otherwise specifically provided herein, any notice, request, complaint, demand, communication or other paper shall be sufficiently given and shall be deemed given when the same is: (i) deposited in the United States mail and sent by first class mail, postage prepaid; (ii) delivered by facsimile to the address below; (iii) emailed or other electronic means to the e-mail address below; or (iv) delivered, in each case to the parties at the addresses set forth below or at such other address as a party may designate by notice to the other parties. The Authority and the County may, by written notice given by each to the others, designate any telephone number(s), e-mail address, facsimile, address or addresses to which notices, certificates or other communications to them shall be sent when required as contemplated by this Contract. November 2025

Project Overview

The Fulton County Free-Standing Emergency Department ("FSED") is a collaborative project (the "Project") between Grady Health System ("Grady") and Fulton County (the "County") aimed to address the critical healthcare access gap in South Fulton County, Georgia following the closure of two hospitals in the County in 2022. The Project has been identified by the County as a high priority due to the health disparities in the area.

The FSED aims to achieve the following goals:

- Provide 24/7 services to the community;
- Enhance patient care;
- Expand facilities to meet growing demand;
- Optimize operational efficiency;
- Ensure regulatory compliance;
- Promote community engagement;
- Sustain financial viability, and
- Achieve 30% minority spend to diverse suppliers for architectural services.

The FSED will be located on a 40-acre parcel located at the intersection of South Fulton Parkway and Campbellton-Fairburn Road Highway 92 in Union City. The facility will encompass over 20,000 square feet and will include 16 patient bays, a dedicated ambulance entrance, a helipad for flight transfers to other hospitals, imaging services, lab services, patient and staff support areas and a pharmacy. It is designed to provide emergency care for both adult and pediatric patients with serious and/or life-threatening conditions. The site will also allow for the possibility of future expansion to include additional healthcare services.

The total project cost is approximately \$38.9 million and will be funded utilizing a combination of contributions from the County and Grady. The total cost to complete the facility will be split proportionally between the County and Grady. The ongoing operating costs of the facility will be covered by patient revenues. Construction on the Project began in March 2025 and is anticipated to be completed in April 2026 for a fall 2026 emergency room opening.

Proposed Funding of the Project

The Fulton-DeKalb Hospital Authority (the "Authority" or "FDHA") is proposing the issuance of tax-exempt Revenue Anticipation Certificates in the aggregate principal amount of \$19 million to fund a portion of the costs of the FSED.

The Fulton-DeKalb Hospital Authority
Revenue Anticipation Certificates (Free-Standing Emergency Department Project),
Series 2026A

The Fulton-DeKalb Hospital Authority Revenue Anticipation Certificates (Free-Standing Emergency Department Project), Series 2026A (the "Series 2026A Certificates") will be issued by the Authority, in an amount not to exceed \$19 million, and represent the County's contribution to the Project.

The Authority's issuance of the Series 2026A Certificates is predicated on the execution of a new intergovernmental agreement with the County. The Authority is seeking to complete the issuance of the Series 2026A Certificates by January 2026 and will be utilizing a competitive bidding process to secure a financial commitment.

Profile of The Fulton-DeKalb Hospital Authority (Certificate Issuer)

The Fulton-DeKalb Hospital Authority will serve as the conduit issuer of the proposed Series 2026A Certificates.

The Authority is a public body corporate and politic existing under the Hospital Authorities Law of the State of Georgia (O.C.G.A. Section 31-7-70 et seq., as amended (the "Hospital Authorities Law")) and by resolutions of the Board of Commissioners of Fulton County on August 6, 1941, and of the Board of Commissioners of DeKalb County on August 9, 1941.

The Authority is empowered by the Hospital Authorities Law, among other things, as follow, "...to acquire by purchase, lease, or otherwise and to operate projects,...[which within the meaning of the Act, include]...hospitals, healthcare facilities, office buildings clinics, housing accommodations, nursing homes, rehabilitation centers, extended care facilities, and other public facilities,...to borrow money,...to exercise any and all powers now or hereafter possessed by private corporations performing similar functions,...to construct, reconstruct, improve, alter and repair projects;...to borrow money for any corporate purpose; ...to mortgage, pledge or assign any revenue [and] to issue revenue anticipation certificates for the purpose of providing funds to carryout [its] duties..."

The Authority fosters comprehensive healthcare initiatives in the greater Atlanta community through agency-to-agency collaboration, solid corporate relationships and effective community outreach campaigns. Governed by a ten-member Board of Trustees appointed by the commissioners of Fulton and DeKalb counties, the Authority is committed to working to meet the healthcare needs of the residents of Fulton and DeKalb counties and provide quality health care.

The Authority has served the indigent residents of Fulton and DeKalb counties for over 72 years, dating back to World War II. The FDHA promotes general healthcare needs by providing grants to community-based health organizations, hosting or sponsoring health events and advocating for responsive healthcare policy for indigent citizens in the State of Georgia.

The Authority owns a complete medical center including hospital facilities known as “Grady Memorial Hospital” and outpatient clinical facilities and related parking and other facilities (collectively, the “Grady Health System”). Since 2008, the Authority has leased the Grady Health System pursuant to a Lease and Transfer Agreement to Grady Memorial Hospital Corporation, a Georgia nonprofit corporation (the “Corporation”), to facilitate daily operations. The Authority maintains oversight for the Grady Health System and focuses on overseeing operations of Grady Memorial Hospital and promoting the general health of the community.

The Authority's Revenue Certificates (Grady Surgical Center Project), Series 2020A (the "Series 2020A Certificates") have a final maturity date of August 1, 2034. Source of Contract Payments to the FDHA

The County's General Fund is currently utilized to meet scheduled and periodic contract payments related to the Existing FDHA Debt Obligations. It is anticipated that the proposed Series 2026A Certificates payments will also be funded in a similar manner (e.g., via payments made by Fulton County to the FDHA pursuant to the Intergovernmental Contract). However, it should be noted, under the existing intergovernmental contracts relating to the existing FDHA Debt Obligations and under the intergovernmental contract to be executed in connection with the Series 2026A Certificates, the County has agreed, and will agree for the Series 2026A Certificates, to levy an ad-valorem tax, within the maximum millage limitation prescribed by law on all taxable property located within Fulton County as may be necessary to produce revenues sufficient to fulfill its obligations under the existing and proposed intergovernmental contract. The maximum millage rate permitted by the Hospital Authorities Law of Georgia is seven mills. Nothing contained in the existing and proposed intergovernmental contracts, however, may be construed as limiting the right of the County to pay the obligations under the intergovernmental contracts out of its general funds or from other sources lawfully available to it for such purposes. For purpose of clarification and to avoid doubt, It is contemplated that the County will execute a similar Intergovernmental Contract as that entered in connection with the existing FDHA Debt Obligations reflecting the current terms and conditions for the Series 2026A Certificates.
