38.15.7: Connectivity. County understands and agrees that in the event a System includes a Base Station, then the Base Station requires connectivity to the Network via telephone company transport facilities, and AT&T will provide such connectivity at AT&T's expense. County understands and agrees Small-Cells require Transport. If County is responsible to provide Transport it must be available on a twenty-four (24) hour, seven (7) day a week basis and maintained in good condition and repair. County acknowledges and agrees that failure to support the provision of the Transport as set forth herein will prevent the System from operating.
