ATLANTA DEVELOPMENT AUTHORITY
Herndon Square – Infrastructure Improvements
Approval of Westside TAD Grant

Summary	To approve a Westside TAD grant in an amount not to exceed \$2.5M to aid in the completion of critical infrastructure needed to support the multi-phased residential and commercial development of Herndon Square.
Funding Source	Westside TAD
Location	510 Cameron Madison Alexander Blvd NW, Atlanta, GA 30318 Council District: 3 NPU: L APS District: 2 Fulton County District: 6
Construction Period	27-months
Type	Multifamily/Mixed Used
Ownership Entity	Herndon Homes Developer, LLC
Developer	Hunt Companies, Pennrose LLC & Atlanta Housing
Amenities	Vehicular and pedestrian friendly public safety enhancements, and connectivity to the broader surrounding community including the expansion of Science Square.

Description
 Herndon Square is a multi-phased, mixed-use development that at completion will contain 97 units of senior housing, 379 units of multifamily residential, and 32 townhomes. The site also includes 30,000 sq.ft. of commercial retail space, which is expected to house a neighborhood grocery store to provide fresh food access to the neighborhood. Current negotiations with the grocer indicate that the infrastructure build-out described herein to be completed by the developer is critical to ensure the project’s feasibility. The remaining 10,000 sq.ft will be used as a STEAM workforce development hub.

Underpinning the development of the master planned site are several critical infrastructure improvements which account for approximately \$8M in construction costs across all phases of the project. Westside TAD funds will directly aid in the infrastructure improvements to accommodate the site requirements of multifamily phases II and III and the anchor commercial development. Key features include extending the site’s north/south and east/west interior streets, closing access to a portion of John Street; and installing a deceleration turning lane along Northside Drive to serve the creation of a new entrance and exit at Northside Drive and Herndon Square Ave. These infrastructure improvements are designed to enhance vehicular safety coming from Northside Drive and will bring pedestrian safety throughout the interior of the site. Lastly, the project will also install lighting improvements completed by GA Power and will create pedestrian pathways throughout the site that will connect to the adjacent Science Square mixed-use development currently under construction immediately north of the site.
