## Fulton County Department of Arts & Culture (CFS) Operational Framework

### Fulton County Government Vision:

Fulton County is a positive, diverse community with a thriving economy, safe neighborhoods, healthy residents, and a rich quality of life that all people can enjoy. It is served by a county government that is recognized for being innovative, effective, efficient, and trustworthy.

### Fulton County Government Mission:

To deliver efficient, high-impact service to every resident and visitor of Fulton County.

### Fulton County Government Strategic Priority Areas:

To accomplish our mission and work toward our vision, the Board of Commissioners organized the County's efforts into six Strategic Priority Areas that reflect the major goals of Fulton County government.

1. All people are healthy.
2. All people are safe.
3. All people are self-sufficient.
4. All people have economic opportunities.
5. All people are culturally enriched.
6. All people trust government is efficient, effective, and fiscally sound.

### Strategic Priority Area: "All People are Culturally Enriched"

Arts and cultural organizations, libraries, parks, and recreational facilities have positive economic, social, and quality of life impacts on a community. Vibrant and recreational communities are economic engines in our community that attract businesses and jobs, as well as create job opportunities themselves. It is Fulton County's responsibility to ensure that residents have access to a variety of quality cultural and recreational activities county-wide. The County currently directly provides cultural and recreational programs and events through County facilities and indirectly stimulates the arts and culture ecosystem by funding non-profit organizations across the County. In the coming years, the County will step into a new role to convene cultural and recreational organizations and leaders, gather information about the economic and social impact of culture and recreation, and use this information to advocate for policy change and develop thriving cultural and recreational ecosystems.

### "All People are All People are Culturally Enriched" Program Objectives:

More residents know about cultural and recreational opportunities

Residents are more satisfied with the availability of these opportunities

More residents take advantage of these opportunities

Residents' satisfaction with the quality of cultural & recreational opportunities is increasing

More residents believe that cultural & recreational opportunities improve their quality of life

## Fulton County Department of Arts & Culture (CFS) Operational Framework

### **“All People are Self-Sufficient” Key Performance Indicators:**

- Percentage of residents who are aware of cultural and recreational opportunities
- Percentage of residents who are aware of the value of cultural and recreational opportunities
- Percentage of residents who are satisfied with the availability and variety of cultural and recreational opportunities in their area
- Percentage of residents who visit cultural and recreational facilities
- Percentage of residents who attend cultural and recreational events/programs
- Percentage of residents who are satisfied with the quality of cultural and recreational facilities
- Percentage of residents who are satisfied with the quality of cultural and recreational events/programs

### **Fulton County Arts & Culture History & Mission**

In 1979, the Fulton County Board of Commissioners created FCAC to enhance the quality of life of its constituents. It is the channel through which Fulton County funds cultural services and provides access to the arts for its citizens. To that end, FCAC is a partner and catalyst in developing new arts opportunities in our area. To enhance the quality of life of all citizens through support of the arts

### **Contracts for Services (CFS)**

The Contracts for Services Program (CFS) seeks to strengthen the cultural health of individuals, organizations, and communities by awarding funding and providing technical assistance to non-profit organizations whose arts programming supports arts and cultural services to Fulton County residents. Funding is awarded through service contracts that specify the services that the organization is required to provide in exchange for financial support from Fulton County. Funding is awarded for the following primary purposes:

### **CFS Program Objectives**

- Providing cultural access for the diverse citizenry of Fulton County, with a focus on youth, seniors, people with disabilities and underserved populations through the arts
- Serving as a catalyst for stabilizing arts and cultural organizations throughout the County
- Encouraging the highest standards of artistic quality and excellence
- Creating an environment that encourages the growth and development of arts organizations
- Stimulating neighborhood development and facilitating creativity within communities throughout Fulton County
- Fostering partnerships between the public and private sectors of Fulton County
- Contributing to the economic well-being of the community, including the ability to attract new businesses and residents

## Fulton County Department of Arts & Culture (CFS) Operational Framework

### Applications Process:

The Department of Arts & Culture through the Contracts for Services (CFS) program announced the acceptance of applications for the 2023 Arts Funding Cycle. The CFS program provides unrestricted general operating and project support funds to eligible Fulton County based, artists, nonprofit and tax-exempt organizations, arts & culture organizations, cultural institutions, colleges and universities, public and private schools, municipalities, and units of government that produce or present ongoing arts programming open to the public.

The Contracts for Services program engages a multi-level decision process for funding recommendations including Staff Review, Community Peer Panel Reviews, the Allocation Committee Review, the Arts Council Review, and ultimate approval by the Board of Commissioners. Funding awarded range between \$1,000 to \$50,000.

The contract term for the Contracts for Services program is January 1 through December 31. The application process and timeline, including dates of technical assistance workshops are released to the public as a part of the application launch.

### Application Evaluation Criteria:

Community review panels and the Arts Council apply the following criteria to ensure that a fair review is given to all applicants.

<ul style="list-style-type: none"> <li>--Artistic Quality (maximum 25 points)</li> <li>--Community Impact (maximum 25 points)</li> <li>--Organizational Planning (maximum 15 points)</li> <li>--Managerial/Leadership Capability (maximum 15 points)</li> <li>--Accessibility (maximum of 15 points)</li> <li>--Fiscal Stability (maximum of 10 points)</li> <li>-- General Attributes (5 pts) Review Overall Application and Project Clarity:</li> </ul>	<ul style="list-style-type: none"> <li>----Bonus Points (2 pts) Review Administrative Base and Service areas.</li> <li>Applicants whose programs and services target “culturally under-resourced” or are based in culturally "under-resourced" area(s) within Fulton County (Districts 1, 2, and 5).</li> <li>Demonstrated by response to Service Delivery Chart, inclusive of district of administrative headquarter.</li> </ul>
---	---

### Community Peer Review Panel Composition

Panelists are selected to represent a variety of disciplines, expertise, aesthetic interests, and ethnic backgrounds.

Reviewers must complete a questionnaire outlining their areas of skills and expertise.

Reviewers are required to complete a confidentiality agreement, and a conflict-of-interest agreement prior to review of proposals.

Each panel review meeting is comprised of 4 to 7 panelists. The number of panelists selected for service depends on the number of applications received for the funding category and participant availability.

### Funding Allocation Decision Process

*The Contracts for Services program engages a multi-level decision-making process for funding recommendations including Staff Review, Community Peer Panel Reviews, the Allocation Committee Review, the Arts Council Review, and ultimate approval by the Board of Commissioners.*

#### **STAFF REVIEW (TIER ONE REVIEW)**

Applications are reviewed initially by Contracts for Services Staff for eligibility and completeness. The staff reviews for basic eligibility requirements including:

Organizations and individuals must be based in Fulton County as determined by the physical street address versus the mailing address or PO Box. Application proposals submitted must feature services provided in Fulton County venues and locations. Non-profit organizations must submit State of Georgia Incorporation paperwork verifying location and its active/status, along with the IRS Letter of Designation verifying the federal 501 ( c ) 3 status. All forms in the applications must be complete. Required supporting documentation identified in the guidelines must be present at the time of review. Project dates must coincide with the funding cycle, January 1 – December 31, 2023.

#### **PANEL REVIEW CATEGORIES (TIER TWO REVIEW)**

Organizations applying for funding in the Operating Support Funds (OSF) and Project Support Funds (PSF) categories are classified by operating budget tiers for the application review process based on the operating expense budget for the proposed budget year.

Applicants applying in the Art Services Funding Category (ASF), the Small Project Funds Category (SAPF) and the Emerging Arts Funding (EAF) are reviewed as individual categories. Technical Assistance Awards were determined by the Allocation and are pulled from all funding categories.

Approximately 16 panels were convened. Collectively, panelists are selected and approved by the Arts Council each year based on background and interest. A Call for Panelists is forwarded to media outlets throughout North, South and Central Fulton County, to FGTV and to the Department of Communications for dissemination. Additionally, the Call is forwarded to current CFS contractors and previous panelists; funding agencies (e.g., City of Atlanta Office of Cultural Affairs, The Community Foundation, Georgia Council for the Arts etc.); and resource organizations targeting the nonprofit community (e.g., Georgia Center for Nonprofits, The Foundation Center, etc.) The Call for Panelists form is disseminated at application workshops and placed on the FCAC website.

Each panel review meeting is comprised of 4 to 7 panelists. The number of panelists selected for service depends on the number of applications received for the funding category and participant availability. A member of the Panel is designated as Panel Chair and is responsible for facilitating the group discussion. Additionally, the Contracts for Services Program Manager is present to facilitate the meeting and to articulate established policy and clarify questions regarding the application reviews. Fulton County Arts Council members serve as liaisons for each panel. Council members serve as an information resource for panelist questions regarding policy. Panel and staff recommendations and comments are forwarded to the ALLOCATION COMMITTEE for review.

# Fulton County Department of Arts & Culture (CFS) Operational Framework

## Funding Allocation Decision Process

### ALLOCATIONS COMMITTEE (TIER THREE REVIEW)

The Allocations Committee is comprised of 7 members (with 5 voting members) that includes the Arts Council Chair (or designee), 4 Arts Council Members approved by the Arts Council, 2 Arts Experts from the community selected because of their background and expertise, 1 staff representative and the FCAC Director, attending as ex-officio member and Chair of the Committee.

#### Responsibilities include:

Reviews funding history, consensus statements, scores and the application ranking recommended by the peer review panels. Organizations are recommended based on the following review criteria: artistic or arts services quality, community impact, organizational planning, managerial capability, and accessibility.

FCAC staff establishes a base-line allocation based on scores ranking and a formula. Overall funding available per review category is driven by total requests and historical funding. A combined summary of recommendations comprised of the Panel, staff, and Allocation Committee recommendations and comments are forwarded to the Arts Council for review and approval.

### ARTS COUNCIL (TIER FOUR REVIEW)

The Council reviews all recommendation materials and votes to approve the slate of suggested awards with any necessary adjustments. Funding recommendations may be adjusted to accommodate underfunded categories or to support organizations meeting County service needs or issues not identified in the scoring.

The Arts Council's recommendations are forwarded to the Board of Commissioners for final funding approval.

### BOARD OF COMMISSIONERS (TIER FIVE REVIEW)

Comprised of 7 members representing the districts of Fulton County, the BOC serves as the governing body for Fulton County Government. Funding Recommendations approved by the Arts Council are presented to the BOC annually during a regular agenda meeting for final approval.

## Funding Disbursements:

Funds awarded through the Contract for Service program is dispersed through the County's vendor payment process. Disbursement of funds is contingent upon contractors following the terms of their contract.

## Reporting Requirements:

Contractors are required to submit two reports, (Progress and Final) along with supportive documentation. The Progress and Final Report is a performance measurement tool administered by the CFS team to assist with monitoring program performance and contract compliance. Reporting deadlines are specified in the contract. Contractors will receive guidelines for reporting. Failure to adhere to reporting requirements can delay contract payments and cause eligibility issues for future funding cycles.

## Fulton County Department of Arts & Culture (CFS) Operational Framework

### Program Monitoring:

The CFS team members are primarily responsible for administering the application and awards process, conducting contractor program grant compliance site visits to monitor contract compliance of the awardee's operations and programming identified for the contract cycle.

### Funding Priorities

Project Support funding for non-profits, municipalities, secondary schools and colleges and universities is designed to fund project-specific expenses for projects or programs that are consistent with an organization's mission and goals. Programming eligible for support includes but is not limited to a lecture series, special exhibitions, educational programs, commissioning of new work, museum festivals or community celebrations, etc.

Operating Support Funds (OSF) provide general operating support to nonprofit mission based organizations to make quality arts experiences accessible to all Fulton County residents. This support represents an investment by FCAC in an organization's ongoing work for public audiences, rather than a specific project or program. OSF's primary focus is to support and engage arts organizations whose primary function is exhibition, presentation, or training in the arts.

Funding also supports arts and cultural organizations and individual artists. Resource rich entities that offer art services as a business to business or resource provider that may include but is not limited to professional development and technical assistance, including marketing, legal or financial assistance; networking opportunities; educational forums or workshops; coordination of outreach and accessibility efforts.

Other priority areas include the creation and delivery of small community-driven, one-time arts projects presented by individual artists, arts and cultural organizations and non-profit organizations are eligible to apply.

### Performance Measures Captured in Reporting

1. County Districts Served: \*
2. Total Audience Served (Direct and Indirect)

Number of people served in Ethnic Breakdown
Number of people served by Age
Number of People Served by Gender
Number of people served with disabilities
Number of tourists*

**Performance Measures Captured in Reporting:**

Describe the FCAC-funded programs and activities offered during the contract cycle. Be sure to include the following:

- A. Number of programs and activities presented
- B. Decrease or increase in audience attendance
- C. Decrease or increase in actual expenses and income versus projected figures
- D. Number of free and/or discounted programs and district(s) served
- E. Number of audience members served through outreach and district(s) served

# CFS FY23 ANNUAL APPLICATION REVIEW & AWARD PROCESS

## TIMELINE

RVSD: 05/05/2023: THE DATES ON THIS TIMELINE ARE PROJECTED. ACTUAL DATES MAY SLIGHTLY DIFFER.

## 2023 Contracts for Services Program (CSF) Marketing & Outreach

The FY2023 CFS funding recommendations are the result of a competitive application and adjudication process:

Program guidelines are issued annually, detailing the application requirements, opportunities for funding and evaluation criteria. Application workshops are held virtually, and technical assistance is offered individually to applicants upon request. For each round of funding, workshops advertised in North, Central and South Fulton to accommodate access to the program for organizations throughout the County. All workshops are free and open to the public. Notices were sent to Fulton County libraries, art centers and senior centers for

distribution, posted on both the Fulton County Government and Fulton County Arts and Culture websites, mailed, and emailed to our internal mailing lists and distributed through numerous partners including The Foundation Center of Atlanta, The Community Foundation of Greater Atlanta, Georgia Center for Nonprofits and other Fulton County-based organizations.
