ARTICLE 1

PURPOSE AND INTENT

- 1.1 The purpose of this Agreement is to provide the vital and necessary communications link between the User of Morehouse College and the Fulton County Department of Emergency Services-911 through use of the County's consolidated 911 call reception and radio dispatching of requests of public safety services for a term of six (6) months from July 1, 2023, at 0000 hours and concluding at 2400 hours on December 31, 2023, with five (5) automatic renewals commencing on January 1 of each successive year. This Agreement shall terminate at 2400 hours on December 31, 2028.
- 1.2 Fulton County, therefore, agrees to provide the User of Morehouse College with courteous, efficient, and accessible E911 and public safety radio dispatch services to requests for assistance from citizens involving emergencies, non-emergencies, and response to natural and man-made disasters, for the term prescribed in this Agreement, consistent with the overall quality of services provided throughout the County.

The service also includes the coordination of requests for support and auxiliary services from field units and refers crimes and incidents not requiring an on-scene investigation by a field unit to the appropriate police between citizens and Fulton County Department of Emergency Services 911 through consolidated, Enhanced 911 call reception and radio dispatching of requests for public safety services. The Countywide APCO P25 Phase 2 Digital 800MHz trunked radio system (hereinafter "County 800 MHz Radio System") is the primary method of dispatching calls for service to field units and private ambulance services.

ARTICLE 3

TERM OF AGREEMENT

The initial term of this Agreement is for six (6) months, from July 1, 2023, at 0000 hours and concluding December 31, 2023, at 2400 hours, with five (5) automatic renewals commencing on January 1 of each successive year. This Agreement shall terminate at 2400 hours on December 31, 2028. At the conclusion of the last term (2400 hours on December 31, 2028), the User will be solely responsible for providing all public safety answering point services within Userndaries, unless extended by mutual agreement approved by both governing bodies. The parties will meet on or before December 31, 2028, to review service under this Agreement and consider proposed modifications of the term. Any such proposed change is subject to consideration and approval of the Fulton County Board of Commissioners and the User Morehouse College.ser

The parties agree that the User may, at any time, upon sixty (60) days notice to the County, terminate this Agreement upon its determination that it wishes to provide its own emergency communications services or provide emergency communications services by other means.

ARTICLE 4

COMPENSATION AND CONSIDERATION

- 4.1 For the emergency communications services to be rendered pursuant to this Agreement, based upon the call volume described herein below in sub-paragraph 5.4, the County is entitled to impose and retain a monthly 911 charge upon each wired and wireless telephone subscriber served by the County's 911 service, as provided by O.C.G.A. § 46-5-134. Additionally, the County is entitled to impose and retain an annual subsidy from the User in the amount of **\$88,069.00**. Nothing in this Agreement shall preclude the County's right to continue to collect such fees for 911 access and services performed during the term hereof as it relates to calls originating from within the Morehouse College.
- 4.2 The County agrees to provide an invoice representing the full amount of the subsidy owed by the User for the term of this Agreement and subsequent invoices for any renewals of the Agreement within thirty (30) days of the execution of the Agreement or each renewal of the Agreement as applicable. The User agrees to promptly remit full payment of the invoiced amount within (30) days of receipt of the invoice from the County. A late payment penalty will accrue at the rate of one percent (1%) per month or part thereof for any payment that is delinquent.

ARTICLE 5

EMERGENCY COMMUNICATIONS SERVICES

- 5.1 The County operates a consolidated public safety answering point in its Emergency Communications Center on a 24-hour basis, 365 days per year, staffed in two (2) 12-hour shifts each day from which the services contemplated under this Agreement will be rendered. The Communications Officers receive citizens' requests for service, process those requests, dispatch emergency units as appropriate, and monitor Police, Fire, and EMS activities. The Emergency Medical Priority Dispatch System is employed to process medical calls and provide callers with pre-arrival instructions.
- 5.2 Based upon the volume of calls originating from within the User of Morehouse College campus, provisions of emergency communications services provided by communications officers shall be as furnished in the positions of call takers, dispatchers, and supervisors during day, and morning shifts and may be modified by the Director of Fulton County Department of Emergency Services 911 from time to time as needs arise. These staffing positions represent the global level necessary for a complete 24-hour period in Fulton County.
- 5.3 The Director of Fulton County Department of Emergency Services 911 may utilize overtime to fill temporary vacancies caused by, but not limited to: sick or annual leave issues, temporary disability, relief of duty, and Family Medical Leave Act absences. The financial costs associated with overtime utilized to fill such vacancies will be the sole responsible of the County.
- 5.4 The nature of the wide-ranging (both emergency and non-emergency), continuous and multitudinous nature of the calls received by a large metropolitan Public Safety Answering Point (PSAP) like the Fulton County Department of Emergency Services 911, makes it difficult to assign an "average call answer time." However, it is the objective of the Department to respond, on average, to 911 calls emanating from the User of Morehouse College with an average fifteen (15) second call answer time for emergency calls for service 90% of the time. Exceptions would be unpredictable system overload, declared disaster, or disruption in voice or data transmission.

ARTICLE 6

EQUIPMENT

The County shall furnish and maintain in good working condition for the benefit of the User, all necessary 800 MHz digital radio emergency communication facilities and equipment necessary and proper for the purpose of performing the services, duties, and responsibilities described in this Agreement.

ARTICLE 7

EMPLOYMENT STATUS

- 7.1 All emergency communications officers, as well as any other Fulton County personnel assigned under this Agreement, are and will continue to be employees of the County for all purposes, including but not limited to: duties and responsibilities, employee benefits, grievance, payroll, pension, promotion, annual or sick leave, standards of performance, training, workers compensation and disciplinary functions. All emergency communications employees will continue to report under the management structure established in the Fulton County Department of Emergency Services 911.
- 7.2 In the event the User Administrator becomes dissatisfied with the performance of any sworn or civilian personnel performing emergency communications services on behalf of the User City Administrator shall discuss the concerns with the Director of the Fulton County Department of Emergency Services 911.
- 7.3 Fulton County Department of Emergency Services 911 employees will not be specifically assigned as call takers for the User of Morehouse College, because the County operates a consolidated center, the E911 telephone equipment routes calls from anywhere in the County to the first available call taker. Any other method of staff deployment would reduce the service level and adversely impact all citizens of Fulton County, including the User Morehouse College. Accordingly, the number of employees needed by call volume from Morehouse College has been estimated, but not assigned to specific employees.

ARTICLE 8

RECORDKEEPING AND REPORTING

- 8.1 The Police and Fire Department Records Sections are the central repository for all police and fire department records and are available public records as defined by the Georgia Open Records Act, O.C.G.A. § 50-18-70, *et seq.*
- 8.2 The Director of the Fulton County Department of Emergency Services 911 shall prepare and deliver monthly reports to the User Administrator. The reports shall describe the volume of 911 calls for service, identification of police and answer speed for calls originating or transferred from the Atlanta 911 within the User Morehouse College campus. Fire calls for service reports will be generated by Atlanta 911 and EMS calls for service reports will be generated by Grady Medical Services.
- 8.3 Except as limited by provision of state or federal law, the User may request, review, and access data and County records, at a mutually agreed upon time and place, to ensure compliance with this Agreement.

ARTICLE 9

ANCILLARY SERVICES

- 9.1 The County must provide a variety of ancillary services incumbent on a large metropolitan public safety answering point. These services will be provided to the User pursuant to this Agreement, the consideration for which has been calculated as part of the payment provided in Article 4.
- 9.2 In addition to E911 reception and radio dispatch, ancillary services provided by the Department of Emergency Services 911 include technical operations, administration, quality assurance, training, and preparing and planning for, responding to, and recovering from emergencies or disasters.
- 9.3 During the term of this Agreement, the County will continue to provide administrative services, cost allocation, facilities maintenance, fiscal management, general operating supplies, human resources, information systems, maintenance, public information, purchasing, utilities and other critical services attendant to the operation of a public safety answering point.
- 9.4 During the term of this Agreement, the County will continue to administer the 911 Advisory Committee as required by O.C.G.A. § 46-5-136. The User of Morehouse College will be required to participate in committee meetings, as well as utilize the committee for the User compliance with the requirements as provided for within state law.

ARTICLE 10

USER- COUNTY RELATIONS

- 10.1 The Director of the Fulton County Department of Emergency Services 911, or his/her designee, will notify the County Manager and User Administrator in the event of a significant emergency communications or emergency management situation within the USER the Director of Fulton County Department of Emergency Services 911 and the User Administrator shall designate the kinds of incidents that are to be considered "significant" by a memorandum. - 11.2 The Director of the Fulton County Department of Emergency Services 911 or his/her designee shall present a summary report to the User Morehouse College within sixty (60) days of the conclusion of this Agreement to facilitate the transition to the User PSAP.
- 11.3 The County and the User agree that ninety (90) days prior to the expiration of this Agreement, the Administrator and County Manager, or their designee(s) will meet and confer to effect a smooth transition.

ARTICLE 12

INDEMNIFICATION

- 12.1 It is the intent of the parties to be covered under the auspices of the immunity granted by O.C.G.A. § 46-5-131. Only to the extent permitted by law and in the event O.C.G.A. § 46-5-131 is deemed inapplicable, shall the User defend, indemnify, and hold harmless the County and its officers, employees, or agents from any and all liability, losses or damages, including attorneys' fees and costs of defense, which the County or its officers, employees, or agents may incur as a result of any claim, demand, suit, or cause of action or proceeding of any kind or nature arising out of, relating to, or resulting from the negligent performance of this Agreement by the User, its employees, officers, and agents. The County shall promptly notify the User of any claim, assert all statutory defenses, cooperate with the User in the defense and resolution of each claim and not settle or otherwise dispose of the claim without the User's participation.
- 12.2 The immunity and indemnification provisions of this Agreement shall survive termination of this Agreement for any claims that may be filed after the termination date of the Agreement provided the claims are based upon actions that occurred during the term of this Agreement.

ARTICLE 13

EVENT OF DEFAULT

- 13.1 An event of default shall mean a material breach of this Agreement by the County as follows:
- 13.1.1 The County repeatedly disregards local priorities established by the User Administrator which the County is required to observe by the Agreement, and which have been communicated in writing by action of the User to the County on more than one occasion.
 - 13.1.2 The County does not maintain sufficient personnel in the Department of Emergency Services 911 to handle the volume of 911 calls as required by Article 5.
 - 13.1.3 The County consistently fails to meet the levels of service outlined in Article 5, which failure has been communicated in writing by action of the User to the County on more than one occasion.
- 13.2 An event of default shall mean a material breach of this Agreement by the User as follows:
- 13.2.1 Failure of the User to establish specific objectives, written and attainable local priorities for local emergency communication services activities and transmit the same to the Director of the Fulton County Department of Emergency Services 911.
 - 13.2.2 Failure of the User to remit timely payment of any subsidy amount payable pursuant to Article 4 of this Agreement.

- 14.2 If an event of default occurs, in the determination of the User, the User shall notify the County in writing; specify the basis for the default and advise the County that the default must be cured to the User's reasonable satisfaction within a sixty (60) day period. The User may grant additional time to cure the default, as the User may deem appropriate, without waiver of any of the User's rights, so long as the County has commenced curing the default and is effectuating a cure with diligence and

If the breach is not cured within the specified time period, the non-breaching party may utilize the remedies of declaratory judgment, specific performance, mandamus or injunctive relief to compel the breaching party to remedy the breach.
