Information about the applicability of Provider Manuals and how they may be accessed is provided in Paragraph #105 of this Contract.

Contractor staff who are independent contractors rather than employees (for example, a staff member who receives an IRS Form 1099 instead of a Form W-2) are also “subcontractors” under this definition. A “subcontract” is the agreement between Contractor and a subcontractor, and “subcontracting” is the act of entering into subcontracts with subcontractors. Note that not all Contracts permit Contractors to subcontract services, and the terms of this Contract and applicable DBHDD Policies and Provider Manuals should be reviewed to determine whether the Contractor is permitted to subcontract services under this Contract. See Annex “A” of this Contract for further information as to whether, and to what extent, subcontracting is allowed under this Contract. There are also specific provisions throughout this Contract which apply to any Contractor who is utilizing subcontractors.
