Modify the 2021 Annual Hardware and Software Maintenance and Support List

Туре	Vendor Name	Product Name	Description	User Agency	2021 AML Adopted Budget	Addt'l Amt	Funding Source	Comments

Purpose (Justification):

The BOC approval is requested to modify the Annual Hardware and Software Maintenance List (AML) approved as part of the FY2021 Adopted Budget. The requested changes will be funded within the existing departments' budget and will not result in any budget adjustments.

The Department of HIV Elimination has two requests. The first is a vendor name change from IBM to Direct Systems Support. The software is an IBM product sold by a 3rd party vendor. The second request is to increase the spending authority for Stata Corp, LLC by \$900, due to the increase cost of the software upgrade. No additional funding is being requested for these requests.
