Community Impact: This ensures the security of County properties.

Department Recommendation: The Department of Real Estate and Asset Management recommends approval to increase spending authority to provide additional standby installation of new fence and replacement of existing fencing for four (4) Fulton County Neighborhood Senior Centers in support of the Senior Surge Projects Phase II.

The requested increase in the amount of \$72,135 will cover costs for the materials and labor hours for the new fencing installation and repairs for the four (4) Fulton County Neighborhood Senior Centers. We do not have enough remaining spending authority to support these projects. The increase will allow us to get through the remainder of FY2020.

Historical Expenditures:

FY2020: The County expenditures as of 8/5/2020, \$135,167.00

FY2019: The County spent \$176,992.00

FY2018: The County spent \$36,904.00

FY2017: The County spent \$49,561.00

Project Implications: This increase in additional spending authority will allow the much needed fencing repairs and new installation at these senior centers to prevent theft and vandalism.

Community Issues/Concerns: None that the Department is aware of.

Department Issues/Concerns: If this increase in spending authority is not approved, the County cannot provide the additional standby fencing installation and repair to these Fulton County facilities.
