

Contract Renewal Evaluation Form

Date:	July 21, 2023
Department:	Real Estate and Asset Management
Contract Number:	22ITB135025C-MH
Contract Title:	Generator System Maintenance and Repair Services

Instructions:

It is extremely important that every contract be rigidly scrutinized to determine if the contract provides the County with value. Each renewal shall be reviewed and answers provided to determine whether services should be maintained, services/scope reduced, services brought in-house or if the contract should be terminated. Please submit a completed copy of this form with all renewal requests.

1. Describe what efforts were made to reduce the scope and cost of this contract.

We cannot reduce the scope of this contract because this requires advanced skills in troubleshooting and repair of diesel/gasoline engines, generators and automatic transfer switches. Technicians employed by Fulton County do not have these skills to perform this type of maintenance and repair. This contract furnishes all materials, parts, labor, equipment, transportation and appurtenances necessary to provide back-up power to 26 critical locations through-out Fulton County which includes: Charlie Brown Airport, North and South Service Centers, Senior Centers, and health facilities apart from the 911 Center and Medical Examiner Building. Also provide on-site preventive 1' maintenance and repair services on monthly and annual inspections basis.

2. Describe the analysis you made to determine if the current prices for this good or service is reflective of the current market. Check all applicable statements and provide documentation:

Internet search of pricing for same product or service:

Other (Describe in detail the analysis conducted and the outcome):

Each stand-by generator is designed for a specific application and no two generating systems can have similar design or size unless they are supplying the same type and size of load. The scope of work and magnitude of work including cost of parts varies from one generator/engine assembly to another. These depend on the size and type of electrical load, system voltage, engine, design, capabilities and age of the installation. Therefore, comparison of this work with work on any other generating system will not yield useful data

The existing prices for standby generator system maintenance reflect the current market rates as of today. This service was solicited in accordance with all applicable provisions of the Fulton County Purchasing Code Section 102-373, all Competitive Sealed Bids.

3. What was the actual expenditure (from the AMS system) spent for this contract for previous fiscal year?

The County spent \$31,799.38 in FY2022. The County expenditure as of 7/21/2023 is \$15,975.20.

4. Does the renewal option include an adjustment for inflation? Yes No
(Information can be obtained from CPI index)

Was it part of the initial contract? Yes No

Date of last purchase:	Click here to enter a date.
Price paid:	Click here to enter text.
Inflation rate:	Click here to enter text.
Adjusted price:	Click here to enter text.
Percent difference between past purchase price and renewal price:	Click here to enter text.

Explanation / Notes:

5. Is this a seasonal item or service? Yes No

6. Has an analysis been conducted to determine if this service can be performed in-house? Yes No If yes, attach the analysis.

This service cannot be done in house because no one is trained to do this service. Additionally, this contract includes parts as well as labor.

7. What would be the impact on your department if this contract was not approved?

This contract covers services required for ensuring readiness of emergency generators supporting mission critical functions like IT Data Center, 911 Call Center and Senior Centers. If this contract is not approved, these functions will be adversely affected and facilities that provide shelter during emergency situations such as Senior Centers would not be able to do so.

Vijay Nair, Central Bldg. Maintenance Mgr.
Willie Perryman, Greater Bldg. Maintenance Mgr.
