27. Subgrantees providing forensic medical exams should respond based on the following best practice guidance:

1. Delayed reporting pediatric medical exams: Prioritize children who disclose sexual abuse or are suspected of being sexually abused. Timely medical care and treatment for child sexual abuse victims is crucial, regardless of the potential availability of forensic evidence on the child's body or clothing. Ensure that the child is examined, a medical history is taken, related treatment is provided, and examination findings are documented (in accordance with national protocols, state standards, and SART/MDT protocols).
2. Acute pediatric medical exams. Promptly gather forensic samples, as the likelihood of obtaining viable specimens diminishes over time. Collect forensic samples within the prescribed jurisdictional time frame (in accordance with national protocols, state standards, and SART/MDT protocols).
3. Reported adult or acute adolescent exams. Sexual assault exams should be treated as emergency cases, with a nominal response time. Cases should not be delayed as this may result in the loss of critical evidence and inflict additional trauma on survivors of sexual assault (in accordance with national protocols, state standards, and SART/MDT protocols adolescents).
4. Unreported adult or acute adolescent exams: See number 3 above.

SUBGRANT NUMBER: AW-VOCA-25-071-012

CERTIFICATE OF NON-SUPPLANTING

Federal law requires that grant funds received by the Department of Justice, not be used to supplant or replace funds that would normally be available or appropriated for the same purpose. As the subgrantee and administrator of VOCA funds on behalf of the district attorneys and solicitors-general, PACGA is obligated to ensure that prosecutors' offices do not violate these non-supplanting requirements. This certificate of non-supplanting is to be signed by the recipient Victim-Witness Program's District Attorney or Solicitor General. Although the Prosecuting Attorneys' Council of Georgia may provide guidance on VOCA budgets, and the Criminal Coordinating Council of Georgia may approve VOCA budgets, it is contingent upon the VWAP program receiving federal funds to certify non-supplanting of local funds.

Supplanting Definition: Supplanting is considered the reduction of state or local funds for an activity specifically because federal funds are available (or expected to be available) to fund that same activity. Federal funds must be used to supplement existing state or local funds for program activities and may not replace state or local funds that have been appropriated or allocated for the same purpose. Additionally, federal funding may not replace state or local funding that is required by law. In those instances where a question of supplanting arises, the sub-grantee or grantee may be required to substantiate that the reduction in non-federal resources occurred for reasons other than the receipt or expected receipt of federal funds.

CERTIFICATION

The recipient certifies that any funds awarded through the Victims of Crime Act (VOCA) will be used to supplement existing funds for program activities and will not replace (supplant) nonfederal funds that have been appropriated or allocated for the purpose of providing services to victims of crime. The recipient understands that supplanting violations can result in a range of penalties, including suspension of future funds under this program, suspension or debarment from federal grants, recoupment of monies provided under this grant and civil and/or criminal penalties.
