Approach and Design:

CaringWorks, Inc, CaringWorks Supportive Housing 2025 will provide services to **35** clients that reside in Fulton County, with CSP funding.

CaringWorks, Inc, CaringWorks Supportive Housing 2025 will provide the following activities and services in Fulton County with CSP funding:

12.1Activities and Services to support CSP funding priorities:

CSP Priority #3:Homeless Prevention and awareness strategies/programs including those related to mental health/substance use and CSP Priority #5: Provide transitional housing options for homeless population affected by mental health...

In 2005, large congregations of homeless individuals, primarily men, were encamped in downtown parking lots. The City of Atlanta and CaringWorks partnered to respond to the need to serve this population, many of whom suffered both substance use and mental health disorders. The City of Atlanta donated the site and partnered with CaringWorks to build the 70-bed Hope House Residential Treatment Center for homeless men seeking addiction recovery. Hope House provides stable housing for up to 2 years, 3 meals a day, addiction recovery services, and intensive supportive services including access to mental health treatment, employment assistance, medication monitoring, and much more. CaringWorks became licensed to provide ASAM Addiction Recovery services (2005) and later (2015) became licensed to provide mental health treatment. Since 2005, CaringWorks has helped more than 3,000 formerly homeless men to begin and sustain their path to sobriety. In 2024, 90% of 167 men enrolled into the program did not relapse and completed their program.

CSP Priority #4: Permanent supportive housing options for individual households who are chronically homeless.

Caring Works has been providing permanent supportive housing (PSH) throughout metropolitan Atlanta since 2002. The organization now leases and/or manages over 275 apartments in scattered sites in Fulton, DeKalb, and Clayton counties. Of those, there are one bedroom and studio apartments for single adults, and two-, three-, and four-bedroom apartments for families with children. Clients seeking permanent supportive housing are referred to Caring Works through the Fulton County Continuum of Care's (CoC) Coordinated Entry system where they have been verified as chronically homeless. In 2024, Caring Works provided

PSH housing, intensive care coordination, employment and benefits advocacy, and connections to other services that promote housing and health stability and a reliable income.

12.2 Identifies how the activities and services will be accomplished. (3 points)

Caring Works provides a high level of services through the following approaches to service delivery;

1) Collaborate with the local (Fulton) CoC and partner to enroll eligible referred clients into an appropriate program in the shortest possible time. 2) Employ Housing First to remove barriers to program entry and provide all clients with immediate permanent supportive and transitional supportive housing that is appropriate to their needs and desires. 3) Use evidence-based and trauma-informed best practices to provide intensive care coordination and to motivate the client to plan for change. 4) Connect the client to an array of support services based on their needs and desires that help them to implement their strategies and accomplish their goals.

CaringWorks has two decades of experience providing housing and services to homeless individuals and families in metropolitan Atlanta. Since the organization was founded in 2002, it has developed programs providing intensive services that meet the specific needs of reentering citizens, single custodial parents and their children, homeless individuals seeking addiction recovery who are Deaf or Hard of Hearing (DHH), Veterans, people suffering from mental illness, and individuals with HIV/AIDS. The organization currently employs 71 well-qualified professionals, including mental health professionals, who operate out of 21 community sites.

Upon referral from the Fulton Coc (for permanent supportive housing) or the Fulton CoC, the VA, or the Fulton County Public Defender's Office (Hope House Residential Treatment transitional housing) clients are assisted to become housed according to their needs and desires. Each client is then assigned a "Care Coordinator" who works with them to define their unique goals and strategies for achieving them. Their Personal Care Plan (PCP) includes a timeline for actions. The PCP becomes the guide used by the Care Coordinator to connect clients to in-house and other community resources that support their goals. The Care Coordinator maintains a low caseload to allow time to provide intensive support. CaringWorks uses the evidence-based practice of Critical Time Intervention (CTI) to allow the coordinator to increase or decrease client contact based on the client's needs and desires. Clients are offered support and resources to access mainstream benefits, employment assistance, food, clothing, medical assessments, life-skills support, mental healthcare, substance abuse treatment, and linkages to essential community resources (documentation obtainment, legal services, credit repair, healthcare, and more). CaringWorks is a CORE Medicaid Provider of Behavioral Health service since 2015. CaringWorks Behavioral Health Services includes individual and group therapy, psychiatric services, residential and outpatient addiction treatment, relapse prevention programs, psychosocial rehabilitation, and peer support. To support healthcare access for residents without health insurance, CaringWorks actively seeks public and private funding to support those who are uninsured.

Community meetings are held regularly and clients who are not working are encouraged to get involved in community events and volunteering. Caring Works Recovery@Work employment program and collaborations with First Step Staffing and other employment partners assist clients who can work with job preparation, training, job search and placement. For those who are unable to work due to severe disabilities, Caring Works collaborates with First Step Staffing to provide SOAR Benefits Counselors to represent and advocate for our clients as they navigate the arduous process of applying for Social Security disability benefits, Veterans benefits, and other mainstream entitlements. Caring Works Recovery@Work Employment Program is based at Hope House and assists clients to train and search for employment.

Upon becoming employed Hope House residents may be assisted to transition to permanent market housing through CaringWorks "Level Up program." Transitioning from Hope House to independent living can be a difficult transition for individuals working to

maintain sobriety. Caring Works began "Level Up" to support program graduates through this transition. For one year following graduation, Caring Works is a co-signer on the client's lease. Additionally, the program extends behavioral health support for six months.

12.3Health and Human Services Key Performance Indicators

Caring Works Supportive Housing Program addresses three of the four Health and Human Services Indicators:

Strategic Objective: Prevent illness by engaging in healthier behavior

Key Performance Indicator: Percentage of residents engaged in substance abuse treatment – opioid, drinking, vaping

CaringWorks provides services, and connections to resources that are designed to stabilize and strengthen client resiliency. CaringWorks supports clients to gain a reliable income through work for those who are able, or through Social Security Disability if they are unable to work.
- 12.5Community Collaboration Caring Works works closely with our service partners to provide resources that build skills and resiliency among our clients. Collaboration provides a broad spectrum of support to assist clients to achieve the personal goals they have identified in their Personal Care Plans. information related to progress toward goals. That enables them to provide linkage to needed resources and to ensure clients are progressing toward self- sufficiency. Case information is maintained in paper files securely located at service sites. In addition, key performance data is input by the care coordinators into ClientTrack, the primary HMIS system of homeless providers in Georgia.

ClientTrack will be the tool used to report on the proposed county-defined and agency-defined Fulton CSP performance indicators. Data is reviewed monthly by CaringWorks' program managers. In addition, the data is reviewed by the Residential Services Director. Key measures are put into our corporate dashboard. CaringWorks Performance Improvement Committee (PIC) meets quarterly to review feedback, incidents, and results. We also randomly audit case files to ensure compliance with CaringWorks' procedures. Finally, we engage an independent evaluator to conduct a customer satisfaction survey, enabling clients to provide additional qualitative feedback. As you can see, we are serious about monitoring data at CaringWorks. We thrive on continuing to improve the ability to positively impact the health, well-being, and self-sufficiency of our clients.

CONSUMER DISCLOSURE

From time to time, Carahsoft OBO Fulton County, Georgia (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign, Inc. (DocuSign) electronic signing system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to these terms and conditions, please confirm your agreement by clicking the 'I agree' button at the bottom of this document.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after signing session and, if you elect to create a DocuSign signer account, you may access them for a limited period of time (usually 30 days) after such documents are first sent to you. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. To indicate to us that you are changing your mind, you must withdraw your consent using the DocuSign 'Withdraw Consent' form on the signing page of a DocuSign envelope instead of signing it. This will indicate to us that you have withdrawn your consent to receive required notices and disclosures electronically from us and you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.
