Subject: Re: NaphCare Contract Renewal

Thank you all for your attention to this important issue.

While I recognize and appreciate that there are issues upon which NaphCare must improve, I support the renewal of the NaphCare's contract for one year. My decision is based on NaphCare's improvement regarding their responsiveness to my stated concerns and the work they have done at the jail facilities to cure on going concerns.

Additionally, I recognize the time it would to undergo the bidding process for a new medical provider - an intensive process that we have not yet begun. As a result, I would like to renew NaphCare's contract for one year only.

Ketsia,
Please find 60 minutes for the folks copied to discuss the NaphCare contract. Matter is time sensitive so sometime this week would be ideal.
Thanks,
Alton
