SAC Welch Holdings, LLC

Description The property located at 201 Joseph E. Lowery is owned by

Sule and Cecily Welch – experienced entrepreneurs with roots in the neighborhood wanting to operate their businesses from a single location. The original house was constructed in 1930 and the large addition was completed in 1961. The property has been vacant for more than 15 years. Total leasable space is approximately 11,724 sq. ft. The owners will lease 8,400 sq. ft. for their financial services, accounting, martial arts, and nonprofit businesses. Up to 16 spaces of various sizes will be created for small businesses

with compatible services, and roughly 1,600 sq. ft. of

meeting/event space will also be available.

The developer has applied for TAD funding to fill a financing gap due to total project cost increases relating to materials, HVAC, roofing, and an unanticipated elevator installation. Construction has begun on the front "house" and first floor of the building because the owners operated their businesses out of temporary space that became unavailable after January 2022. Without the additional funding, the developers will be unable to complete construction on the second and third floors.
