Date:	July 22, 2022
Department:	Real Estate and Asset Management
Contract Number:	20RFP123424K-BKJ
Contract Title:	Standby Landscape Design and Installation Countywide

Instructions:

It is extremely important that every contract be rigidly scrutinized to determine if the contract provides the County with value. Each renewal shall be reviewed and answers provided to determine whether services should be maintained, services/scope reduced, services brought in-house or if the contract should be terminated. Please submit a completed copy of this form with all renewal requests.

1. Describe what efforts were made to reduce the scope and cost of this contract.

Currently, new properties are being added to this contract and being considered for renovation. The scope provides professional landscape design, installation of all materials, labor, technical expertise, materials, etc. and appurtenances necessary to provide landscape design and installation at Countywide facilities on an "as needed" basis. This includes minor design and installation activities or a simple replacement or repair of a landscape asset, or a total redesign and installation of a complete landscape package for a building. The work will require limited design plans, and rehabilitation work to repair damaged or missing landscape cover, turf, trees, sidewalks, and walking trails. The work will also require limited hardscape design plan and rehabilitation work to repair concrete or asphalt pads or trails, along with the removal of damaged landscaping features and assets.

This service cannot afford to be reduced, because we do not have any alternative resources to provide this service. The proposals are being solicited between the interested landscape contractors to acquire the best price.

2. Describe the analysis you made to determine if the current prices for this good or service is reflective of the current market. Check all applicable statements and provide documentation:
