

# Contract Renewal Evaluation Form

<b>Date:</b>	<b>July 20, 2022</b>
<b>Department:</b>	<b>Department of Real Estate and Asset Management</b>
<b>Contract Number:</b>	<b>21ITB130241C-CG</b>
<b>Contract Title:</b>	<b>Standby Plumbing Repair Services</b>

**Instructions:**

It is extremely important that every contract be rigidly scrutinized to determine if the contract provides the County with value. Each renewal shall be reviewed and answers provided to determine whether services should be maintained, services/scope reduced, services brought in-house or if the contract should be terminated. Please submit a completed copy of this form with all renewal requests.

**1. Describe what efforts were made to reduce the scope and cost of this contract.**

This contract is used for augmenting internal resources. Department has been able to perform many tasks in-house. However, it doesn't have enough and qualified resources to carry out all tasks in-house. Apart from this, increase in need for replacement of old and defective installations forces the County to make use of contractors who are more experienced and efficient in that kind of jobs. This contract requires specialty tools, equipment, training, and skills that the County's employees do not have. Without this contract in place, plumbing repair services will not be performed in a timely or cost-effective manner.

**2. Describe the analysis you made to determine if the current prices for this good or service is reflective of the current market. Check all applicable statements and provide documentation:**

☒ **Internet search of pricing for same product or service:**

Date of search:	July 30, 2020
Price found:	\$ 96 - \$ 108
Different features / Conditions:	Commercial Facilities
Percent difference between internet price and renewal price:	Contract prices are 32% to 40 % less than market price

**Explanation / Notes:**

The prices for standby plumbing and repair services were obtained through the procurement process in which reflect the current market. This procurement was conducted in accordance with all applicable provisions of the Fulton County Code of Ordinances and the specific method of source selection for the services required in this bid is code Selection 102-373, Competitive Sealed Bid.

5. Is this a seasonal item or service? ☐ Yes ☒ No

6. Has an analysis been conducted to determine if this service can be performed in-house? ☐ Yes  
☒ No If yes, attach the analysis.

7. What would be the impact on your department if this contract was not approved?

If these contracts are not renewed, it would impact the efficiency of plumbing operations because the Department would not be able to respond to emergency situations and situations requiring higher skills and equipment. Efficient completion of large projects will be negatively impacted. Also would have a negative effect on the department and county if a dangerous condition such as a water main break or an unsanitary condition such as a sewage spill was not taken care of in a timely fashion. The liability risk would be at a high rate causing potential citizen complaints and lawsuits.
