I. PURPOSE

The purpose of this investment policy is to establish cash and investment guidelines for the Fulton County Finance Department.

II. SCOPE

This policy applies to the investment of short term operating funds used for:

1. General purposes including general, special service district, offsite development, and general obligation bond proceeds as well as any other initiatives that develop.
2. Bond related funds including construction and debt service funds
3. Trust, agency, internal service, and enterprise funds

Longer term funds including investments of the Fulton County Employees' Retirement System and the Defined Contribution Funds are covered by a separate policy.

III. GENERAL OBJECTIVES

The primary objectives in order of priority of all investment activities shall be safety, liquidity, and yield.

1. Safety

Safety of principal is the foremost objective of Fulton County. Preservation of capital and mitigating credit and interest rate risk is of primary concern.

Fulton County will minimize credit and interest rate risk by undertaking the following activities:

- Pre-qualifying financial institutions and broker/dealers
- Diversifying the investment portfolio
- Placing credit quality restrictions
- Structuring the portfolio to meet operating requirements
- Investing funds in short-term securities

2. Liquidity

The portfolio should be structured so that securities mature concurrent with cash requirements to meet anticipated demands.

3. Return on Investment

The portfolio should be designed with the objective of regularly exceeding the average yield on the 1-month T-Bill. The County seeks to attain market rates of return on its investments consistent with constraints imposed by its safety objectives and liquidity requirements for operational purposes.

4. Legality

Funds will be invested in compliance with the provisions of Georgia Code 36-83-4, this policy and written administrative procedures. All Funds with outstanding bond issues will be invested in compliance with the provisions of Georgia Code 36-82-7, the investment guidelines in the bond ordinances and official statements. Those policies will be adhered to and are not in conflict with the terms of this policy.

IV. STANDARDS OF CARE

1. Prudence

The "Prudent Person Rule" shall apply to all individuals that have authority to trade securities. Investments shall be made with judgment, care, and forethought. Prudence, discretion and intelligence shall be exercised when managing the investment portfolio. All activities will be executed in the same manner as would be exercised in the management of one's own financial affairs. Speculation is forbidden and consideration shall be made for the safety of capital.

2. Ethics and Conflicts of Interest

Officers/employees shall refrain from personal business activity that could conflict with the proper execution and management of the investment portfolio or that could impair their ability to make impartial decisions. Disclosure of any material interests in financial institutions shall be made. Employees/officials shall refrain from undertaking personal investment transactions with the same individual with whom business is conducted on behalf of Fulton County. Officers/employees shall also comply with the Fulton County Code of Ethics as prescribed by the Board of Commissioners.

3. Delegation of Authority

Authority to manage Fulton County's investment portfolio is granted to the Finance Director, the Assistant Finance Director, the Investment Officer, and any other designee of the Finance Director. All individuals with such authority shall manage the portfolio in accordance with procedures and internal controls consistent with the investment policy.

V. SAFEKEEPING AND CUSTODY

1. Authorized Financial Dealers and Institutions

A list will be maintained of financial institutions authorized to provide investment services. In addition, a list will be maintained of approved security broker/dealers selected by creditworthiness (a minimum capital requirement of \$10M and at least 5 years of operation). These may include "primary" dealers or regional dealers that qualify under Securities and Exchange Commission (SEC) Rule 15C3-1 (uniform net capital rule).

- Control of collusion
- Separation of transaction authority from accounting and recordkeeping
- Custodial safekeeping
- Clear delegation of authority to subordinate staff members
- Written confirmation of transactions for investments and wire transfers

3. Delivery versus Payment

All trades will be executed by delivery versus payment (DVP) to ensure that securities are deposited in an eligible financial institution prior to the release of funds. Securities will be held by a third party custodian as evidenced by safekeeping receipts.

VI. SUITABLE AND AUTHORIZED INVESTMENTS

The following investments will be permitted by this policy in accordance with O.C.G.A. Section 36-83-4 as follows:

When sufficient information is not provided to anticipate the spending of funds from construction accounts, the Investment Officer will employ a strategy of laddering the portfolio with maturities scheduled quarterly to maintain sufficient liquidity in the portfolio.
