Maintenance

Jail “Blitz” Repair Plan

- ❖ Medical and mental health units will remain a priority and will be repaired without moving inmates.
- ❖ Inmates moved to South Annex to open one unit at Rice St. (6 Zones) for complete repair.
- ❖ Each Blitz Unit repair will be conducted within one month for each unit. (11 total Units).
- ❖ Priority Order – Worst conditioned units first.
- ❖ Inmates will be moved into completed/repaired unit, then the Blitz Team will move to the next unit.
- ❖ Daily Preventative Maintenance (PM) and Corrective Maintenance (CM) continues as normal for units not being “Blitzed”.
- ❖ Plan provides for the highest level of safety for Detention Officers, Deputies, Contractors, and Inmates.

Personnel

Hire Contract Security to fill tower positions

Cost: \$2,320,000 (at midyear), Projected Annual Cost: \$4,640,000

Provide our proposal for unarmed, unsworn guard services for Fulton County Jail.

Staffing Housing Control Towers, New Intake Control, Old Intake Control, Central Control, Security Video Room, Reception Control, and Loading Dock Control. Allowing for more sworn officers on the floor for closer supervision thus providing a safer working environment.

Senior Officer Pay Structure

Cost: \$4,100,000

This proposed pay structure increases the pay for Sergeants and above by 20% to match the raise given to the new and current Detention Officers and Deputies. This allows for recruitment and retention that makes us attractive and marketable, allowing an advantage to reduce turnover and attain proficient talent. This considers compression and its related impacts.

Staffing Analysis

Vendor: CGL, Cost: \$406,000

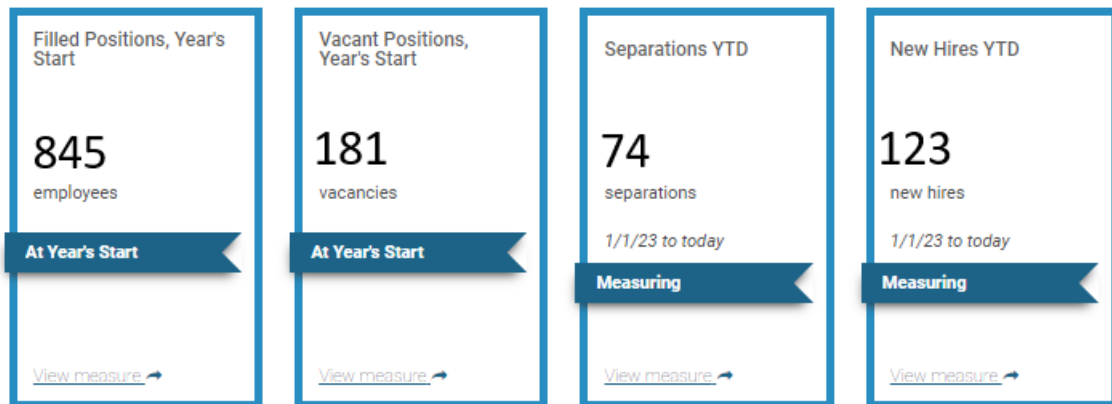

CGL will define and assess the current operation of the Sheriff's Office and provide recommendations for staffing, processes, and operations to become more efficient in the jails, courts, law enforcement and administrative functions of the Sheriff's Office.

Based on a previous outdated analysis, we are understaffed and need to augment personnel, especially with the increased number of inmates, security risks associated with the Courthouse, and increase in number of law enforcement/warrant activities. This engagement provides up-to-date analysis of current and future needs.
