Is this a purchasing item?

Yes

Summary & Background: Request approval of lowest bidders to provide on-site preventive maintenance and testing of fire intrusion alarm systems on an annual/or “as-needed” basis for Fulton County facilities for FY2023.

Scope of Work: These contracts furnish all materials, parts, labor, equipment, and appurtenances necessary to provide on-site preventive maintenance and testing of fire-intrusion alarm systems and system components to include fire alarm main and sub panels, including intrusion alarm connections, for Fulton County facilities.

The scope of work includes, but is not limited to:

- LED lamp & batteries
- Smoke and heat detectors
- Horns and strobes
- Duct smoke detector
- Pull stations
- Fireman phone jacks
- Override panels

Community Impact: This contract focuses on the safety of the buildings which are visited by citizens. This contract covers the annual maintenance and inspection of the fire-intrusion alarm systems in the buildings for deficiencies which may be observed that would put the building out of compliance with fire codes. Further, any corrective repairs which must be conducted to maintain the systems in operation and ensure compliance with fire codes are provided under this contract.

Department Recommendation: The Department of Real Estate and Asset Management recommends approval.

The recommendation for the award was based on the bidders’ prices for annual testing of fire intrusion alarm devices to include sub panels and smoke detectors located throughout each facility; the per-hour labor rates for tasks other than testing and maintenance repairs cost and overtime; and totaling up all costs for Based Bid Amount to determine the lowest responsible bidder(s) complying with the provisions of this ITB.

The recommendation was also based on the bidder’s submittal of required professional certifications/licenses on fire alarm control systems such as: Notifier IFC 2020, Simplex Controls, Edwards Controls and Silent Knight.

This is a time and materials contract. The requested total spending authority of \$100,000.00 covers

the costs for replacement of all parts/components and labor for inspections and required maintenance repairs mandated by the State Fire Marshal for FY2023.

Historical Expenditures:

- FY2022: The County allocated/expenditures as of 10/11/2022, \$82,564.70
- FY2021: The County spent \$92,299.02
- FY2020: The County spent \$62,354.17
- FY2019: The County spent \$119,846.17
- FY2018: The County spent \$143,983.16
- FY2017: The County spent \$130,000.00
- FY2016: The County spent \$234,000.00

Project Implications: County facilities which have undergone inspection indicate the need for maintenance and testing of fire-intrusion alarm systems to be fully functional and compliant with fire codes and regulations. These activities are mandated by the State Fire Marshal and a requirement for accreditation of law enforcement agencies, such as the Fulton County Sheriff and Fulton County Marshall.

Community Issues/Concerns: The Department is aware of none at this time.

Department Issues/Concerns: If these contracts are not approved, the Department will not be able to provide the required maintenance and testing of fire-intrusion alarm systems in Fulton County facilities and without testing to determine deficiencies in the systems. Consequently, it will increase the risk potential for the County.

Contract Modification: This is a new procurement.

Contract & Compliance Information *(Provide Contractor and Subcontractor details.)*

Total Contract Value: \$100,000.00

(A)

Contract Value: \$65,000.00
Prime Vendor: VSC Fire & Security, Inc.
