Summary & Background *(First sentence includes Agency recommendation. Provide an executive summary of the action that gives an overview of the relevant details for the item.)*

The Department of Senior Services recommends approval of the recommended proposal from Transdev, Incorporated to provide senior transportation services. This is the second solicitation for this service and based on the recommendation from the Purchasing Department, the Department is requesting approval to avoid disruption of Senior Transportation Services.

Scope of Work: The services provided under this proposal support two (2) Fulton County Departments: Senior Services and Behavioral Health & Developmental Disabilities. The services are provided to the 14 Fulton County Neighborhood Senior Centers, 4 adult day health centers, multipurpose facilities and 3 training centers serving developmentally disabled program participants. The service also includes non-emergency medical appointments, dialysis, and group and center field trips for the Neighborhood Senior Centers

Community Impact: The services provide transportation to approximately 1,800 Fulton County eligible seniors and developmentally disabled participants.

Department Recommendation: The Department of Senior Services recommends approval.

Project Implications: The Senior Transportation Service has proved vital to the lives of over 1,800 participants that rely on this service. This service has allowed for eligible Fulton County seniors to make necessary trips in connection to community support, health management and essential appointments and needs. Transportation is the conduit to connect seniors to daily living activities and life enrichment services. Additionally, the senior transportation services provided much needed engagement to developmentally disabled citizens in the areas of training, skills building and appointments.

Community Issues/Concerns: If the proposal is not approved, then over 1,800 eligible seniors will not have the services needed to maintain and manage their health, connect to community support programs and developmentally disabled participants will not be able to acquire the skills and training needed to be productive citizens within the County.

Department Issues/Concerns: Senior transportation is the top requested service from senior residents. The program is an intervention strategy to provide access to services necessary to seniors and enables them to age in place. If the contract is not extended, then seniors will experience an interruption and termination of transportation services.

Contract Modification: This is a new procurement.
