Summary & Background The existing fire alarm control panel at 4700 North Point Parkway, Alpharetta, GA 30022, is obsolete and must be replaced in order for the facility to be in compliance with regulation NFPA-72 (National Fire Protection Association).

Scope of Work: This request for increase in spending authority is expected to cover the costs for demolition of existing deficient fire alarm control panel, installation of new panel, completion of termination of wiring from all end-point devices, and the panel for operation conforming to requirements in NFPA-72.

Replacement Project Cost:

	Building	Project Description	Project Total Cost
1	4700 North Point Parkway	Silent Knight 1, 110 PT Addressable FACP 10amp Power Supply Remote Annunciator Addressable Photo Smoke Detector Addressable Heat 135^ detector Intelligent Non-Relay Photoelectric Duct- Smoke Housing Addressable Relay Module Addressable Control Module Addressable Dual Action Pull station Installation, programming, and final check-out 10% Parts Markup per contract	\$35,974.90
	Total Cost		\$35,974.90

This contract furnishes all parts, labor, equipment, and appurtenances necessary to provide on-site preventive maintenance and testing of fire-intrusion alarm systems and system components to include fire alarm main and sub panels, including intrusion alarm connections, for Fulton County facilities.

The scope of work includes, but is not limited to:

- LED lamp & batteries
- Smoke and heat detectors
- Horns and strobes

- Duct smoke detector
- Pull stations
- Fireman phone jacks
- Override panels

Community Impact: If this modification is not approved, we will not be able to replace fire alarms in a timely manner. Failure of fire alarm can also place the building out of compliance with Fire and Life safety Codes affecting its eligibility to continue County operations. This will cause enormous uncertainty in the operation of the system and potential risk to the property of Fulton County.

Department Recommendation: The Department of Real Estate and Asset Management recommends approval as DREAM does not have the in-house capacity/expertise to complete the work needed.

The increased spending authority will allow DREAM to both complete the necessary installation and have sufficient spending authority for the remainder of FY 2023 to cover annual testing of fire intrusion alarm system services Countywide.

The project will be managed by the Department of Real Estate and Asset Management Building Maintenance division.

Historical Expenditures:

FY2023: The County allocated/expenditures as of 5/10/2023, \$65,000.00

FY2022: The County spent \$82,564.70

FY2021: The County spent \$92,299.02

FY2020: The County spent \$62,354.17

FY2019: The County spent \$119,846.17

FY2018: The County spent \$143,983.16

Project Implications: These are activities mandated by the State Fire Marshal. Non-compliance also could result in potential life-safety risks for employees and visitors to Fulton Count facilities.

Community Issues/Concerns: None of which the Department is aware.

Department Issues/Concerns: If this increase in spending authority is not approved, the subject facility will be non-compliant with fire code and subject to citations and fines assessed by the State of GA Fire Marshall. More importantly, the County risks the serious injury, or loss of life, of County staff and citizens.
