- District 3
- District 4
- District 5
- District 6

Is this a purchasing item?

Yes

Summary & Background

Scope of Work: This contract will provide specialty equipment rental contracting work that involves temporary generators, bypass chopper pumps, and all other requirements to successfully bypass a pipe for construction or rehabilitation.

Community Impact: These services are necessary to avoid spills, which has high health and environmental damages as well as fines from the Environmental Protection Agency (EPD).

Department Recommendation: The Department of Public Works recommends approval of the statewide contract with Sunbelt Rentals, Inc.

Project Implications: This contract will reduce operating cost by providing these types of rental equipment services. Current services are processed through the On Call Contractors and incur an automatic 10% fee adjustment as specialized services. This contract will eliminate that fee adjustment and leverage reduced statewide fees effectually lowering our cost.

Community Issues/Concerns: When there is a pipe break, the odor affects the community by the unpleasant smell as well as effects on health and property values, the bypass provides temporary relief until permanent repairs are made. None are known or anticipated.

Department Issues/Concerns: The department effectively looks for ways to reduce costs. No issues or concerns are known or anticipated.

Contract Modification: This is a new request.
