Summary & Background *(First sentence includes Agency recommendation. Provide an executive summary of the action that gives an overview of the relevant details for the item.)*

The Department of Senior Services recommends approval for the Always Caring Homecare, Help at Home, Trusted Hands and At Home Atlanta contracts. These contracts provide In-Home Services to eligible Fulton County seniors aged 60 and above. The program allows seniors to remain in their residence, age in place and receive services that result in a healthy, clean and safe environment.

Scope of Work: The Department of Senior Services In-Home Services program provides services and support to seniors who have limited mobility. The service includes Homemaker services whereby contracted staff perform light, custodial work in the home. Personal care services provide a skilled nurse to take care of a client's health by performing hygienic assistance and physical assistance. Respite care consists of a professional, certified staff who provides companionship, supervision, assistance with medication, and meal preparation. It also allows for the caregiver to conduct business on behalf of the senior in or outside the home.

Community Impact: This is an intervention service and enables seniors to remain in their homes, age in place and avoid institutionalization. Caregivers are less stressful as they leave their loved ones in a safe and supervised environment with a professional healthcare worker.

Department Recommendation: The Department of Senior Services recommends approval.

Project Implications: This service will provide In-Home Services to eligible Fulton County seniors aged 60 and above. This service also prevents seniors from losing their home and being institutionalized in a nursing home at a higher cost.

Community Issues/Concerns: There are no community issues or concerns.

Department Issues/Concerns: There are no department issues or concerns.
