Health and Human Services

Commission Districts Affected

- All Districts
- District 1
- District 2
- District 3
- District 4
- District 5

District 6

Is this a purchasing item?

Yes

Scope of Work: To provide specialty contracting work that involves temporary generators, bypass chopper pumps, and all other requirements to successfully bypass sanitary sewer facilities for construction rehabilitation.

Community Impact: This authorization is being requested due to unforeseen major delays in the delivery of equipment, a consequence of global supply chain problems, during the emergency repair of the Camp Creek Wastewater Treatment Plant influent pump station. This delay resulted in longer bypass pumping services reducing the amount of money in the original contract available for other bypass needs. The reduction in funds will impede our ability to provide emergency bypass pumping during our response to sanitary sewer spills. The existing contract expires in August 2022.

Department Recommendation: The Public Works Department recommends approval of this item for additional spending authority.

Project Implications: This item will allow the department to avoid assigning these services to current standby contractors where there are significant price escalations. This item will allow the Department to avoid assigning these services to current standby contractors where there are significant price escalations. If the increase is not approved, the delay will prevent us from responding in the most responsible manner to emergency conditions. That has the potential to result in more spills, public health concerns, environmental damage, and higher fines from the Environmental Protection Agency (EPD).

Community Issues/Concerns: This action provides the Public Works Department with another tool ensuring a quick and efficient response to situations where failed facilities need to be repaired or replaced.

Department Issues/Concerns: The Public Works Department has no concerns related to this item.

Contract Modification

Current Contract History	BOC Item	Date	Dollar Amount
Original Award Amount	21-0667	09/01/2021	\$2,000,000.00
Increase Spending Authority			\$1,850,000.00
Total Revised Amount			\$3,850,000.00
