- District 5
- District 6

Is this a purchasing item?

No

Summary & Background *(First sentence includes Agency recommendation. Provide an executive summary of the action that gives an overview of the relevant details for the item.)*

Scope of Work: The proposed Morning Creek Phase III Project, a residential development, requires a connection to the County's sewer system. Fulton County development regulations require that all new sewer service line connections acknowledge Fulton County's access rights in the area(s) in which a connection is being made to the County's sewer system prior to the issuance of a Land Disturbance Permit. The easement area to be conveyed to the County consists of 11,283 square feet and is located in Land Lot 128 of the 13th District of Fulton County, Georgia.

Community Impact: The community will benefit from the extension of the County's sewer system and the addition of a residential development.

Department Recommendation: The Department of Real Estate and Asset Management recommends acceptance of the easement dedication.

Project Implications: Easement dedications by the owner of record to Fulton County are made a part of the public record and grant Fulton County access to perform construction, maintenance and upgrades to the County's sewer system once the proposed improvements are installed.

Community Issues/Concerns: None.

Department Issues/Concerns: None.

Fiscal Impact / Funding Source

Funding Line 1:

Acceptance of this easement dedication does not involve the expenditure or the receipt of funds.
