Is this a purchasing item?

Yes

Summary & Background It is the recommendation that a KNOWiNK technician be on hand in order to help override, guide and/or complete a task that would get the voting system up and running quickly. Historically, with new systems and especially, since the implementation of this system, and from prior experience in previous elections - 2021, it is noted that there is a need to have the technicians available.

Scope of Work: Aligning our organization with expertise and assistance is without a doubt paramount in the Election process. KNOWiNK readily can and does assist with the replication of the data that is concise and updated repeatedly during the election process. KNOWiNK technicians will be able to assist with conducting poll pad updating and assist in downloading the Election Day election file from Secretary of State. Also, KNOWiNK technicians will provide technical support, which includes troubleshooting poll pad errors, testing, repairing and servicing KNOWiNK poll pads. The need for this group begins Early Voting, October 12 - October 29 and also Nov. 2 - Election Day.

Community Impact: Click or tap here to enter text.

Department Recommendation: For approval to award without competition, KNOWiNK, LLC to provide poll technicians for the 2021 Elections.

Project Implications: If this request is not approved, the technical expertise required would not be available.

Community Issues/Concerns: Click or tap here to enter text.

Department Issues/Concerns: One of the greater concerns is the inability to secure this greatly valued resource. While systems do come with flaws, it is a welcomed addition to have highly trained and knowledgeable professionals to enhance the voting experience. The KNOWiNK technicians would be readily available for supplemental staffing in case of a COVID-19 outbreak in the Elections Preparation Center, Early Voting locations and on Election Day.

Contract Modification This is a new request.
