No

Summary & Background *(First sentence includes Agency recommendation. Provide an executive summary of the action that gives an overview of the relevant details for the item.)*

Scope of Work: Worthing Northwinds, LLC is requesting conditional approval of the Fulton County Board of Commissioners to install stormwater drainage structures within the County's existing water vault easement.

The Department of Public works has completed an onsite assessment of the encroachment area consisting of approximately 325 square feet and confirmed the County's water system will not be adversely impacted and can continue to be properly maintained if this encroachment is granted.

The purpose of the Indemnification Agreement is to affirm the terms of Fulton County's conditional approval of the encroachment of private improvements within the County's water vault easement area at the Northwinds Summit mixed use development at 0 Haynes Bridge Road, Alpharetta, Georgia.

In accordance requirements, all agreements and amendments to contractual agreements involving Fulton County are required to be in writing and approved by the Fulton County Board of Commissioners.

Community Impact: The Indemnification Agreement allows Fulton County full access to maintain its water meter while granting the property owner the conditional approval to install and maintain its storm drainage structure within the County's water vault easement area.

Department Recommendation: The Department of Real Estate and Asset Management accepts the conclusion of the Department of Public Works to accept the Indemnification Agreement and recommends its approval.

Project Implications: No negative impacts to the water service or access to the water line will result by allowing flatwork and landscaping within the water vault easement area.

Community Issues/Concerns: None.

Department Issues/Concerns: None.
