Summary & Background Request approval to renew existing contracts to provide HVAC equipment and parts on an “as needed” basis for Fulton County facilities for FY2023.

Scope of Work: These contracts provide HVAC manufacturer equipment and replacement parts on an as needed basis. The contracts provide support for the Department of Real Estate and Asset Management heating and air conditioning staff to perform required maintenance, diagnostic testing, and repairs on approximately 1,000 existing air conditioning systems ranging from 10,000 to 25,000 BTUs throughout the County. The Department receives an average of 2,000 HVAC work orders per year for maintenance related issues.

Community Impact: None of which the Department is aware.

Department Recommendation: The Department of Real Estate and Asset Management recommends approval.

The requested spending authority in the total amount of \$80,500 is an increase of \$10,500 over 2022 which is due to the increase costs for HVAC parts and accessories used by the in-house HVAC maintenance team that perform for maintenance, diagnostic testing, and repair services on approximately 1,000 existing air conditioning systems ranging from 10,000 to 25,000 BTUs throughout the County. Prices have increased substantially on various commodities due to high demand, industry wide shortages, new construction and renovations which are causing challenges to the supply chain.

We anticipate the 2022 price increases will continue into 2023 on HVAC equipment and parts. These items are necessary components for daily facility HVAC maintenance and repair operations. The requested total spending authority in the total amount of \$80,500 is sufficient to cover the costs to procure HVAC equipment and parts for FY2023.

Historical Expenditures:

- FY2022: The County allocated/expenditures as of 9/14/2022, \$60,000.00
- FY2021: The County spent \$62,968.51
- FY2020: The County spent \$77,002.15
- FY2019: The County spent \$37,719.44
- FY2018: The County spent \$95,962.00

Project Implications: These contracts provide all the necessary HVAC equipment and parts needed

to support the in-house HVAC maintenance staff.

Community Issues/Concerns: None of which the Department is aware.

Department Issues/Concerns: If these renewal contracts are not approved, the Department will not have the abilities to provide HVAC equipment and parts to the in-house HVAC maintenance staff for county-wide services.
