Yes

Summary & Background

This request is to extend the existing contract for an additional three (3) month period with Transdev, Incorporated to provide senior transportation services. The RFP for services was solicited. One bid was received. Based on a recommendation from the Purchasing Department, the RFP will be resolicited. In order to account for time to complete the procurement process, the Department is requesting to extend the contract to prevent a disruption in Senior Transportation Services.

Scope of Work: The services provided under this contract support two departments -Senior Services and Behavioral Health & Developmental Disabilities. The services are provided to the 14 neighborhood senior centers, 4 adult day care centers, and 3 developmentally disabled training center program participants. The service also includes non-emergency medical appointments, dialysis, trips to the multipurpose centers, group and center field trips.

Community Impact: The services provide transportation to approximately 1,800 Fulton County eligible seniors and developmentally disabled participants.

Department Recommendation: The Department of Senior Services recommends approval.

Project Implications: Transportation services are the conduit to connect seniors to daily living activities and life enrichment services. Additionally, the transportation services provide needed engagement to developmentally disabled citizens in the areas of training, appointments, etc.

Community Issues/Concerns: If the contract is not extended, then eligible seniors aged 60 and above including developmentally disabled residents will not have access to County-based transportation services.

Department Issues/Concerns: Senior transportation is the top requested service from senior residents. The program is an intervention strategy to provide access to services necessary to seniors and enables them to age in place. If the contract is not extended, then seniors will experience an interruption and termination of transportation services.
