Summary & Background *(First sentence includes Agency recommendation. Provide an executive summary of the action that gives an overview of the relevant details for the item.)*

Scope of Work: This contract will provide actuarial services in order to comply with the Governmental Accounting Standards Board which oversees accounting principles applicable to all state and local governments in the United States. Standard No. 75 requires a biennial actuarial analysis of Fulton County's offer of health care and life insurance to eligible retired employees. In order to ensure the County continues to receive unmodified audit opinions, the County would

disclose this updated actuarially determined information in the annual audited financial statements. Fiscal 2022 is the “off” year, no analysis is required, but the contract has to be renewed in order to prevent a lapse of the contract.
