Summary & Background *(First sentence includes Agency recommendation. Provide an executive summary of the action that gives an overview of the relevant details for the item.)*

Scope of Work: The extension of the County's sewer system will require the acquisition of permanent and temporary construction easements from three (3) property owners. In accordance with Fulton County policy, all sewer service line connections must be installed within areas in which Fulton County's has an easement.

The Fulton County Department of Public Works and the Department of Real Estate and Asset Management are requesting the approval of the Fulton County Board of Commissioners to complete

the acquisition of easement rights necessary to extend the County's sewer system.

Community Impact: Residents within the community currently using septic systems will have access to the Fulton County Sanitary Sewer System in the event of a septic system failure.

Department Recommendation: The Department of Real Estate and Asset Management and the Department of Public works recommends approval of the acquisition of the easement rights necessary to extend the County's sewer system.

Project Implications: Sewer easement agreements are made a part of the public record and once obtained from the three (3) property owners will grant Fulton County access to construct the improvements and after the proposed sewer improvements are installed perform maintenance and upgrades to the County's sewer system.

Community Issues/Concerns: Expansion of the County's sanitary sewer is necessary to provide community residents experiencing septic system problems an option to resolve their septic problems and will encourage development.

Department Issues/Concerns: None.
