Is this a purchasing item?

Yes

Summary & Background: The Department of Public Works recommends approval to renew existing contract with NOVA Engineering and Environmental, LLC to provide building code administration services, construction management services and planning services.

Scope of Work: The contract allows for a consultant to provide building code administration, construction management, and planning services associated with new development and redevelopment activity within the Fulton Industrial District area of unincorporated Fulton County. This contract provides building code administration services on an as-needed basis for the five following

functional areas: administration, inspections of commercial buildings, inspections of residential buildings, commercial plan review, and residential plan review.

This contract provides construction management services for the following functional areas: Engineering Review for Land Development, Site Development/Infrastructure Inspections, and Municipal Separate Storm Sewer System (MS4) and Local Issuing Authority (LIA) Compliance and Program Administration.

This contract ensures that all new development is in compliance with Best Management Practices (BMPs), complies with all County, State, and Federal soil and erosion controls standards, and complies with all appropriate rules and regulations governing development and construction as regulated by Fulton County. This contract will also ensure that all roadway and associated infrastructure improvements constructed within the Fulton County right of way and public utility easements meet County, State, and Federal Standards. Finally, this contract will ensure that the state MS4 and Local Issuing Authority obligations of Fulton County are met.

The Planning and Zoning program ensures that growth is orderly and in conformance with the County's Comprehensive Plan, the Fulton County Zoning Resolution, and other State and Federal Ordinances and Codes. Approval will allow the County to provide professional planning services as required by the State of Georgia's Zoning Procedures Law until such time as the planning and zoning functions are no longer needed within the Fulton Industrial District.

These services were budgeted for within the 2023 operating budget for the Fulton Industrial District - though at a lesser funding level given the reduction in size of the unincorporated area.

Community Impact: This contract ensures that all new development and redevelopment activity within the Fulton Industrial District of unincorporated Fulton County will meet all necessary local, state, and federal requirements.

Department Recommendation: The Department request approval to renew an existing contract to with NOVA Engineering and Environmental, LLC.

Project Implications: Contracting these services will allow the Department of Public Works to provide broader, more timely, and more efficient services to our customers.

Community Issues/Concerns: There are no known community issues or concerns with the approval of this contract.

Department Issues/Concerns: The Department of Public Works does not have any concerns with the approval of this contract.
