Is this a purchasing item?

No

Summary & Background

Scope of Work: The proposed Georgia Power Encroachment Project, a commercial development, requires a connection to the County's sewer system. Fulton County development regulations require that all new sewer service line connections acknowledge Fulton County's ownership interests in the area(s) in which a connection is being made to the County's sewer system before issuing a Land Disturbance Permit. The easement area to be conveyed to the County consists of 5792 square feet and is located in Land Lot 134 and 149 of the 9F District of Fulton County, Georgia.

Community Impact: The community will benefit from the extension of the County's sewer system

and the addition of a commercial development.

Department Recommendation: The Department of Real Estate and Asset Management recommends acceptance of the easement dedication.

Project Implications: Easement dedications by the legal owner to Fulton County are made a part of the public record and grant Fulton County access to perform construction, maintenance, and upgrades to the County's sewer system once the proposed improvements are installed.

Community Issues/Concerns: None

Department Issues/Concerns: None

Fiscal Impact / Funding Source

Funding Line 1:

Acceptance of this easement dedication does not involve the expenditure or the receipt of funds.
